On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of DIEGO ALEXANDRO GARCIA, Registered Nurse License Number 827371 and Vocational Nurse License Number 228651, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10), Texas Occupations Code. Respondent waived notice and hearing and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on April 19, 2016.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).

8. On or about October 17, 2014, Respondent underwent a Psychological Evaluation administered by Sean G. Connolly, Ph.D., Psychologist. Based on the subscales of the MMPI-2, Dr. Connolly states there is no clear evidence of ongoing use, abuse, or dependence, but notes Respondent appears to have an addictive personality. Respondent had frequent use of marijuana, at least every other weekend, and this continued until a year ago [REDACTED] Respondent insists he has been drug-free since then. Respondent is encouraged to participate in some active recovery program for about six weeks, in order to learn about addiction, gain insight into his behavior, and firm up his determination to remain drug-free. It is recommended that Respondent participate in an active recovery program such as seeing a Licensed Chemical Dependence Counselor (LCDC), or participate in some

support groups that would help him deal with the issue of potential dependence or addiction. Respondent may be in some denial or minimization of the significance of his use of marijuana. Dr. Connolly states that with this participation, it would seem that Respondent does present with fitness to practice nursing in the State of Texas.

9. Redacted pursuant to Expunction Order

10. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.

Further, failure to report for a drug screen, excessive dilute specimens, or failure to call in for a drug screen may be considered the same as a positive result or refusal to submit to a drug or alcohol screen.
