AGREED ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considers the matter of JAMI WARNER, Registered Nurse License Number 913835, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas occupations Code. Respondent waived notice and hearing and agreed to the entry of this Agreed Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on August 27, 2018.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Agreed Order.
3. Respondent's license to practice as a professional nurse in the State of Texas is in current status.
4. Respondent received an Associate Degree in Nursing from Kilgore College, Kilgore, Texas, on December 9, 2016. Respondent was licensed to practice professional nursing in the State of Texas on January 12, 2017.
5. Respondent's nursing employment history includes:

1/2017-7/2017	Registered Nurse	Christus Trinity Mother Francis Winnsboro, Texas
7/2017-Present	Registered Nurse	Longview Regional Medical Center Longview, Texas

6. At the time of the incident, Respondent was employed as a Registered Nurse with Longview Regional Medical Center, Longview, Texas, and had been in that position for nine (9) months.
7. On or about April 5, 2018, while employed as a Registered Nurse at Longview Regional Medical Center, Longview, Texas, Respondent failed to clarify a medication order for Patient C.S. and administered an incorrect dose of Cardizem to the patient. The patient received 1,440 mg of the cardiac medication, instead of 60mg, as ordered. Subsequently, the patient experienced hypotension and respiratory failure, and expired. Respondent's conduct was likely to injure the patient from adverse effects due to over dosage of cardiac medication, including possible demise.
8. In response to the incident in Finding of Fact Number Seven (7), Respondent states that she should have asked the charge nurse for clarification of the medication order, as she thought it was strange that she had to pull sixteen (16) tablets of the medication from the Pyxis. Respondent states that the order instructed that the tablets were to be crushed and mixed into a solution to make 120 ml. Respondent states that she thought this was excessive, and looked at the patient's chart and saw that she had been receiving this dose already for several days. Respondent states that she failed to see the additional instructions on the order to only administer 5 ml of the 120 ml solution. Respondent states that after administration of the medication, the patient's oxygen saturation dropped, so she called the respiratory therapist (RT). Respondent adds that the patient's blood pressure also started to drop, and she implemented new orders for a fluid bolus and starting Levophed, while the physician was at the bedside. Respondent states that the charge nurse later discovered that the order said to only administer 5ml of the medication, not the entire amount, and the pharmacist told her that this should not have been entered in the computer that way. Respondent states that the patient was placed on life support which was withdrawn several days later, and she expired. Respondent adds that the pharmacy staff member was terminated and Respondent was counseled and moved to another unit, but was supported by her employer.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation(s) of 22 TEX. ADMIN. CODE §217.11(1)(A),(1)(B),(1)(C),(1)(M),(1)(N)&(1)(P) and 22 TEX. ADMIN. CODE §217.12(1)(A),(1)(B)&(4).

4. The evidence received is sufficient cause pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 913835, heretofore issued to JAMI WARNER.
5. Pursuant to Section 301.463(d), Texas Occupations Code, this Agreed Order is a settlement agreement under Rule 408, Texas Rules of Evidence, in civil or criminal litigation.
