\*\*\*\*\*

In the Matter of Registered Nurse           §     AGREED  
License Number 582381                       §  
issued to IVA DEAN FONTENOT           §     ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of IVA DEAN FONTENOT, Registered Nurse License Number 582381, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(12), Texas Occupations Code. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order offered on May 5, 2011, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received an Associate Degree in Nursing from San Jacinto College, Pasadena, Texas, on May 1, 1992. Respondent was licensed to practice professional nursing in the State of Texas on August 31, 1992. Respondent became Board recognized as a Nurse Anesthetist on October 26, 1998.
5. Respondent's nursing employment history is unknown.
6. On or about July 11, 2008, Respondent lacked fitness to practice professional nursing, in that she called the Texas Board of Nursing and stated she was currently hospitalized for substance abuse - Ambien. On July 23, 2008, Respondent was referred to the Texas Peer Assistance

Program for Nurses (TPAPN), for treatment. On September 25, 2008, Respondent was referred back to the Board of Nursing by the TPAPN, for non-response.

7. In response to Finding of Fact Number Six (6), Respondent states: As a result of a surgical procedure around June 16, 2008, she was taking a combination of pain medications and Ambien to help her sleep. Around June 30, 2008, Respondent stopped taking the Ambien, and realized she was having withdrawal symptoms. She contacted Brentwood Hospital, and admitted herself on July 10, 2008. She met with both a social worker and a psychiatrist, who suggested she call the Texas Board of Nursing to see if she was in violation of the Nursing Practice Act. Respondent made appointments for follow-up care for relapse prevention, with The Council of McAllen, Pharr, Texas. Mr. Garcia, a counselor for The Council of McAllen, found no need for further inpatient care and recommended she participate in private counseling sessions with a female counselor. She was also given information on AA and NA and AL-ANON. Respondent notified her superiors and informed them of the abuse/dependency issues and of her rehabilitation/recovery interventions. She returned to work, and continued to attend AA, NA and individual counseling sessions.

Respondent states the referral letter for TPAPN was not given to her by her husband in a timely manner, and subsequently she missed the response date. She did call a representative of the TPAPN several times, leaving messages, but received no callbacks.

8. On October 16, 2009, Respondent underwent a psychological evaluation that included a chemical dependency component with Scott Hammel, Ph.D., and Lara Hernandez, M.S., Austin, Texas. Dr. Hammel states that if Respondent's self-report about the extent of her Ambien use prior to entering the detoxification program is truthful, then she is an extremely naive individual who has problems with judgment and could benefit from individual psychotherapy. The therapist should report to the board about her progress and re-assess Respondent on an ongoing basis. Individuals who oversimplify the environment to such an extent have difficulty with decision-making and perceptual accuracy and are likely to have problems coping.
9. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.

#### CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.

3. The evidence received is sufficient to prove violations of Section 301.452(b)(10)&(12), Texas Occupations Code, and 22 TEX. ADMIN. CODE §217.12(5).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 582381, heretofore issued to IVA DEAN FONTENOT, including revocation of Respondent's license(s) to practice nursing in the State of Texas.
