AGREED ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of LESLIE DAWN MORGAN, Registered Nurse License Number 895838, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code.

Respondent waived notice and hearing and agreed to the entry of this Agreed Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on April 18, 2019.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Agreed Order.
3. Respondent's license to practice as a professional nurse in the State of Texas is in current status.
4. Respondent received an Associate Degree in Nursing from Iowa Central Community College, Storm Lake, Iowa, on June 25, 2013. Respondent was licensed to practice professional nursing in the State of Texas on March 8, 2016.
5. Respondent's nursing employment history includes:

4/2014 - 12/2014

RN

Maxim Healthcare Solutions
Des Moines, Iowa

Respondent's nursing employment history continued:

6. At the time of the initial incident, Respondent was employed as a Registered Nurse with Baylor Scott & White Medical Center, Lakeway, Texas, and had been in that position for five (5) months.
7. On or about August 27, 2016, while employed as a Registered Nurse with Baylor Scott & White Medical Center, Lakeway, Texas, Respondent withdrew and administered Morphine 2mg IV for Patient #1047740 in excess frequency and or dosage of the physician's order. Respondent's conduct was likely to injure the patients in that the administration of Morphine in excess frequency and/or dosage of the physician's order could result in the patients suffering from adverse reactions. Additionally, Respondent's conduct placed the hospital in violation of Chapter 481 (Controlled Substances Act) of the Texas Health and Safety Code.
8. On or about August 27, 2016, while employed as a Registered Nurse with Baylor Scott & White Medical Center, Lakeway, Texas, Respondent failed to completely and accurately document the administration of Morphine for Patient # 1047740, including signs, symptoms, and responses to the medication in the patient's Medication Administration Records (MARs) and/or Nurses' notes. Specifically, Respondent documented in the MAR the medication was given prior to when it was removed from the pyxis. Respondent's conduct was likely to injure the patients, in that subsequent care givers would rely on her documentation to further medicate the patients which could result in an overdose. Additionally, Respondent's conduct placed the hospital in violation of Chapter 481 (Controlled Substances Act) of the Texas Health and Safety Code.
9. In response to Finding of Fact Numbers Seven (7) and Eight (8), Respondent states she did not intend to provide Morphine to the patient at more frequent intervals than what was ordered by the physician. Respondent explains her intent was to treat the patient at all times within the standard of care and within her scope of practice.
