Katherine A. Thomas
Executive Director of the Board

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of § AGREED ORDER
Registered Nurse License Number 925091 §
issued to ELIZABETH ANNALIESE HANNA §
§

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of ELIZABETH ANNALIESE HANNA, Registered Nurse License Number 925091, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived notice and hearing and agreed to the entry of this Agreed Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on March 5, 2019.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Agreed Order.
3. Respondent's license to practice as a professional nurse in the State of Texas is in current status.
4. Respondent received a Baccalaureate Degree in Nursing from Texas Woman's University, Denton, Texas, on December 1, 2016. Respondent was licensed to practice professional nursing in the State of Texas on June 22, 2017.
5. Respondent's nursing employment history includes:

6/2017-9/2017	Unknown	
10/2017 - Present	Registered Nurse	Medical City Plano Plano, Texas

6. On or about April 5, 2017, Respondent was required to successfully complete the Texas Peer Assistance Program for Nurses (TPAPN) through a Confidential Eligibility Agreed Order of the Board. On or about August 2, 2018, Respondent successfully completed the terms of the Order. A copy of the April 5, 2017, Order is attached and incorporated herein by reference as part of this Agreed Order.
7. At the time of the initial incident, Respondent was employed as a Registered Nurse with Medical City Plano, Plano, Texas, and had been in that position for one (1) year and one (1) month.
8. On or about November 9, 2018, through November 10, 2018, while employed as a Registered Nurse with Medical City Plano, Plano, Texas, Respondent failed to notify the physician, and failed to document in the medical record, that continuous pulse oximetry for Patient Medical Record Number E000985849 could not be implemented as ordered due to lack of availability of pulse oximetry cords on the unit. Respondent's conduct exposed the patient to a risk of harm in that failure to monitor oxygenation status as ordered by the physician could have resulted in non-efficacious treatment of the patient's condition.
9. On or about November 10, 2018, through November 11, 2018, while employed as a Registered Nurse with Medical City Plano, Plano, Texas, Respondent failed to physically conduct a Clinical Institute Withdrawal Assessment per physician's orders for the aforementioned Patient Medical Record Number E000985849, who was asleep at the time the assessment was due; instead, Respondent falsely documented an assessment based on the patient's baseline; subsequently, the patient was found by the oncoming shift to be unresponsive with no pulse. Respondent's conduct was likely to injure the patient from clinical care decisions based upon inaccurate assessment information and may have contributed to the patient's demise.
10. In response to the incident in Finding of Fact Number Eight (8), Respondent states the assigned unit lacked an adequate supply of pulse oximetry cords at the time; therefore, pulse oximetry monitoring cords were reserved for those patients with respiratory illnesses or oxygen desaturation issues. In response to the incident in Finding of Fact Number Nine (9), Respondent states the patient was sleeping at the time the Clinical Institute Withdrawal Assessment was due and, not wanting to awaken the patient, she documented the assessment based on her knowledge of the patient's baseline.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.

3. The evidence received is sufficient to prove violation(s) of 22 TEX. ADMIN. CODE §217.11 (1)(A),(1)(B),(1)(C),(1)(D)&(1)(M) and 22 TEX. ADMIN. CODE §217.12(1)(A),(1)(B), (1)(C),(4),(6)(A)&(6)(H).
4. The evidence received is sufficient cause pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 925091, heretofore issued to ELIZABETH ANNALIESE HANNA.
5. Pursuant to Section 301.463(d), Texas Occupations Code, this Agreed Order is a settlement agreement under Rule 408, Texas Rules of Evidence, in civil or criminal litigation.

Effective this 12th day of November, 2019.

Executive Director on behalf
of said Board

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of § CONFIDENTIAL ELIGIBILITY
ELIZABETH ANNALIESE HANNA, § AGREED ORDER FOR
PETITIONER for Eligibility for Licensure § PEER ASSISTANCE PROGRAM

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the Petition for Declaratory Order, hereinafter referred to as the Petition, and supporting documents filed by ELIZABETH ANNALIESE HANNA, hereinafter referred to as PETITIONER, together with any documents and information gathered by staff and Petitioner's Certification contained herein.

Information received by the Board produced evidence that PETITIONER may be ineligible for licensure pursuant to Sections 301.452(b)(10)&(12) and 301.453, Texas Occupations Code.

PETITIONER waived notice and hearing, and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on October 17, 2016.

FINDINGS OF FACT

1. On or about March 18, 2016, Petitioner submitted the Petition requesting a determination of eligibility for licensure.
2. Petitioner was not enrolled in a professional nursing program at the time of this petition.
3. Petitioner completed the Petition and answered "Yes" to the question which reads: *"Within the past five (5) years have you been diagnosed with, treated, or hospitalized for schizophrenia and/or psychotic disorders, bipolar disorder, paranoid personality disorder, antisocial personality disorder, or borderline personality disorder?"*
4. A letter was submitted to the Board by Denise Lucero-Miller, Ph.D., Texas Woman's University Counseling Center, stating that Petitioner has been under her care since February

2013. During the summer of 2014, Petitioner was hospitalized due to an increase in depressive symptoms and panic attacks. It should be noted that Petitioner was not being seen for individual therapy at that time. Petitioner sought treatment again in the fall of 2014, coincidentally, this was her first semester of nursing school. As the semester progressed, she began to experience mood swings characterized by increased depression and suicidal ideation interspersed with periods of hypomania. Consistent with Dr. Lucero-Miller's recommendation Petitioner returned for treatment in the fall of 2015 and she has continued to work with her since that time. Petitioner revealed some difficulties with her previously prescribed medication and period of non-compliance. Subsequently, she began to experience increased suicidal ideation and was eventually hospitalized. At discharge, Petitioner was diagnosed with a mental health diagnosis.

5. A letter dated May 11, 2016, was submitted to the Board by Denise Lucero-Miller, Ph.D., Texas Woman's University Counseling Center, stating that since her last letter to the Board, Petitioner experienced several significant family stressors which led to a decline of her previous stable mood. Petitioner was open and forthcoming about her struggles and responsive to recommendations for inpatient hospitalization. Petitioner also participated in a residential treatment program for approximately two weeks after her release from her inpatient stay. By all accounts, Petitioner was fully engaged in her treatment and compliant with all recommendations. Consistent with her previous letter, Dr. Lucero-Miller recommends Petitioner continue to utilize individual therapy and medication management resources to maintain optimal mental well-being. With these provisions in place, Dr. Lucero-Miller does not believe Petitioner would need accommodations to perform her duties as a nurse; and feels confident Petitioner is able to operate in a safe and competent manner.
6. The safety of patients and the public requires that all persons licensed to practice nursing be fit, and able to consistently practice nursing in autonomous roles under demanding and stressful conditions.
7. Petitioner has sworn that, with the exception of matters disclosed in connection with the Petition, her past behavior conforms to the Board's professional character requirements at 22 TEX. ADMIN. CODE §213.27.
8. The Executive Director considered evidence of Petitioner's past behavior in light of the character factors set out in 22 TEX. ADMIN. CODE §213.27 and determined that Petitioner currently demonstrates the criteria required for good professional character.
9. The Executive Director considered evidence of Petitioner's mental illness and subsequent treatment as provided in 22 TEX. ADMIN. CODE §213.29 and in accordance with 22 TEX. ADMIN. CODE §213.33.
10. Petitioner's compliance with the terms of a Board approved peer assistance program should be sufficient to protect patients and the public.

11. The Executive Director's review of the grounds for potential ineligibility has been made on the basis of Petitioner's disclosures.
12. Petitioner has been advised by the Board that any information found to be incomplete, incorrect or misleading to the Board or a subsequent discovery of a basis of ineligibility will be considered by the Board and may result in an ultimate determination of ineligibility or the later revocation of a license obtained through fraud or deceit.
13. Petitioner shall immediately notify the Board of any fact or event that could constitute a ground of ineligibility for licensure under Section 301.452(b), Texas Occupations Code.

CONCLUSIONS OF LAW

1. The Board has jurisdiction over this matter pursuant to Sections 301.452 and 301.453, Texas Occupations Code.
2. On or about March 18, 2016, Petitioner submitted the Petition requesting a determination of eligibility for licensure in compliance with Sections 301.252, 301.253, 301.257 and 301.258, Texas Occupations Code, and the Board's Rules at 22 TEX. ADMIN. CODE §213.30.
3. Petitioner's history reflects conduct which may constitute grounds for denial of a license under Section 301.452(b)(10)&(12), Texas Occupations Code.
4. The Board may probate the denial of a license under conditions for a specified term pursuant to Section 301.453, Texas Occupations Code.
5. The Board may license an individual who has a history of mental illness after consideration of the criteria set out in 22 TEX. ADMIN. CODE §213.29 if the Board determines the individual does not pose a direct threat to the health and safety of patients or the public.
6. The Board may license an individual with prior behaviors inconsistent with the Board's character requirements if, upon evaluation of the factors in 22 TEX. ADMIN. CODE §213.27, and pursuant to 22 TEX. ADMIN. CODE §213.33, the Board is satisfied that the individual is able to consistently conform her conduct to the requirements of the Nursing Practice Act, the Board's Rules and Regulations, and generally accepted standards of nursing practice.
7. The Board may, in its discretion, order a nurse to participate in a peer assistance program approved by the Board if the nurse would otherwise have been eligible for referral to peer assistance pursuant to Section 301.410, Texas Occupations Code.
8. This Order is conditioned upon the accuracy and completeness of Petitioner's disclosures. Any subsequently discovered discrepancies will result in investigation and possible disciplinary action, up to revocation of Petitioner's license(s).
