	§	

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of ANGELA KAY LAIRD, Vocational Nurse License Number 187571, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(9),(10),(12)&(13), Texas Occupations Code.

Respondent waived notice and hearing and agreed to the entry of this Agreed Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on November 25, 2019.

7. On or about April 1, 2015, through April 30, 2015, while employed as a Licensed Vocational Nurse with Texoma Medical Center Home Health Services, Denison, Texas, Respondent lacked fitness to practice vocational nursing in that she was observed showing increased signs of anxiety, nervousness, and irritability. Respondent's condition could have affected her ability to recognize subtle signs, symptoms or changes in patients' conditions, and could have affected her ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patients in potential danger.

8. On or about April 20, 2015, while employed as a Licensed Vocational Nurse with Texoma Medical Center Home Health Services, Denison, Texas, Respondent engaged in the intemperate use of Amphetamines, Methamphetamines, and Hydrocodone in that she produced a specimen for a probable cause Hair 5 Drug Panel and Extended Opiates Test which resulted positive for Amphetamines, Methamphetamines, and Hydrocodone. The use of Amphetamines, Methamphetamines, and Hydrocodone by a Licensed Vocational Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.
9. In response to Findings of Fact Numbers Seven (7) and Eight (8), Respondent states at times she was emotional in the office due to the constant cussing, humiliation, and verbal abuse she received from the Director of Nursing Respondent further states she was experiencing back pain, numbness, and edema in her joints, mainly her right hand. She has seen several specialists and was ordered to have physical therapy for severe tendonitis, a bulging disk, and reversal of normal cervical lordosis.
10. On or about May 9, 2016, Respondent underwent a chemical dependency evaluation administered by Marta E. Otero, Psy. D., Clinical Psychologist. Dr. Otero states Respondent has been prescribed medications for depression, chronic pain, and for a heart condition. Dr. Otero further states it is her professional opinion that Respondent does not appear to meet the criteria as one who is currently abusing or dependent on drugs or alcohol. The testing provided no evidence to suggest that Respondent is unable to work as a nurse with reasonable skill and safety to her patients.
1. Formal Charges were filed on August 16, 2016.
