

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of	§	AGREED ORDER
Registered Nurse License Number 832295	§	
issued to LORENA ORTIZOGAZ	§	
	§	

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of LORENA ORTIZOGAZ, Registered Nurse License Number 832295, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code.

Respondent waived notice and hearing and agreed to the entry of this Agreed Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on August 29, 2019.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Agreed Order.
3. Respondent's license to practice as a professional nurse in the State of Texas is in current status.
4. Respondent received a Baccalaureate Degree in Nursing from Texas Tech University Health Sciences Center-El Paso, El Paso, Texas, on December 15, 2012. Respondent was licensed to practice professional nursing in the State of Texas on February 14, 2013.
5. Respondent's nursing employment history includes:

2/2013 – 8/2017	RN	University Medical Center of El Paso El Paso, Texas
-----------------	----	---

Respondent's nursing employment history continued:

8/2017 – Present

RN

Emerus - Hospitals of
Providence
El Paso, Texas

6. At the time of the initial incident, Respondent was employed as a Registered Nurse with University Medical Center of El Paso, El Paso, Texas, and had been in that position for three (3) years and eight (8) months.
7. On or about October 18, 2016, while employed with University Medical Center of El Paso, El Paso, Texas, Respondent failed to obtain a new order for continuation of behavioral restraints for Patient 1011301. Additionally, Respondent failed to document nursing assessments every 15 minutes on the behavioral restraint documentation form as required while the patient was in restraints. Respondent's conduct created an inaccurate medical record, may have caused a change in condition to go unnoticed and could have resulted in non-efficacious treatment.
8. In response to finding of Fact Number Seven (7), Respondent states time had transpired while in the trauma bays and she fell behind with her patient care. After exceeding the limit of her own capacity, she overlooked requesting a new order to keep the restraints on the patient. However, Respondent explains to ensure a visual of the patient, she left the curtain open so he was visible through the glass door due to unavailability of one to one accommodations.
