BEFORE THE TEXAS BOARD OF NURSING

\*\*\*\*\*

In the Matter of § AGREED ORDER  
Registered Nurse License Number 940964 §  
issued to BERLETTE GO CORPUZ §  
§

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of BERLETTE GO CORPUZ, Registered Nurse License Number 940964, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code.

Respondent waived notice and hearing and agreed to the entry of this Agreed Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on January 8, 2020.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Agreed Order.
3. Respondent's license to practice as a professional nurse in the State of Texas is in current status.
4. Respondent received a Baccalaureate Degree in Nursing from Dr. Gloria D. Lacson Foundation Colleges, Inc., San Leonardo, Philippines, on April 1, 2006. Respondent was licensed to practice professional nursing in the State of Texas on March 13, 2018.
5. Respondent's nursing employment history includes:

4/2018 - Present Registered Nurse HCA Houston Healthcare Kingwood  
Kingwood, Texas

6. At the time of the incident, Respondent was employed as a Registered Nurse with HCA Houston Healthcare Kingwood, Kingwood, Texas, and had been in that position for one (1) year and six (6) months.
7. On or about October 6, 2019, through October 7, 2019, while employed as a Registered Nurse with HCA Houston Healthcare Kingwood, Kingwood, Texas, Respondent failed to ensure that Patient CD00653116 was turned every two (2) hours, as ordered. Respondent's conduct was likely to injure the patient in that failure to follow the physician order to turn the patient every two (2) hours could have resulted in complications related to skin breakdown.
8. On or about October 6, 2019, through October 7, 2019, while employed as a Registered Nurse with HCA Houston Healthcare Kingwood, Kingwood, Texas, Respondent failed to accurately and completely document the cardiovascular status of Patient CD00653116 in that she failed to document that the aforementioned patient had a pacemaker. Respondent's conduct resulted in an inaccurate medical record and was likely to injure the patient in that subsequent caregivers would not have accurate information upon which to base their decisions for further care.
9. On or about October 7, 2019, while employed as a Registered Nurse with HCA Houston Healthcare Kingwood, Kingwood, Texas, Respondent failed to recognize the change in condition for Patient CD00653116 in that vital signs taken at approximately 06:00 indicated a significant decrease in systolic blood pressure, as well as a decreased oxygen saturation level, that Respondent failed to report to the physician, as ordered. Subsequently, the aforementioned patient went into cardiac arrest at approximately 07:35 and expired at 08:08. Respondent's conduct was likely to injure the patient by depriving caregivers of pertinent information that may have prompted earlier medical interventions, and may have contributed to the patient's demise.
10. In response to the incident in Finding of Fact Number Seven (7), Respondent states that she never failed to turn the patient every two hours and did her hourly rounding as documented on the logs. In response to the incident in Finding of Fact Number Eight (8), Respondent states that she did not work on a telemetry unit and that the patient's physicians and the team involved in the patient's care knew that the patient had a pacemaker, but did not include this in his plan of care since they were planning to put him on palliative care since his prognosis was poor. In response to the incident in Finding of Fact Number Nine (9), Respondent states that she never neglected her duty as the patient's primary nurse and made sure that his needs were always taken care of. Respondent states that the patient was very ill with a history of cerebrovascular accident with right sided weakness, nonverbal, on continuous tube feedings, and oxygen dependent with tracheostomy collar. Respondent states that the patient's vital signs were checked after she and the patient care technician changed the patient's diaper and the patient was always alert, awake, and responsive. Respondent states that everything was well documented.
