AGREED ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considers the matter of SANDRA LUZ MONTALVO, Vocational Nurse License Number 303913, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code.

Respondent waived notice and hearing and agreed to the entry of this Agreed Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on February 4, 2020.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Agreed Order.
3. Respondent's license to practice as a vocational nurse in the State of Texas is in current status.
4. Respondent received a Certificate in Vocational Nursing from South Plains College at Reese Center, Lubbock, Texas, on August 19, 2011. Respondent was licensed to practice vocational nursing in the State of Texas on October 20, 2011.
5. Respondent's nursing employment history includes:

10/2011 – 1/2013	Licensed Vocational Nurse	Mi Casita Care Center Lubbock, Texas
------------------	---------------------------	---

Respondent's nursing employment history continued:

1/2013 – 5/2019	Licensed Vocational Nurse	Crown Point Health Suites Lubbock, Texas
5/2019 - Present	Licensed Vocational Nurse	Asthma and Allergy Clinic of West Texas Lubbock, Texas

6. At the time of the incident, Respondent was employed as a Licensed Vocational Nurse with Crown Point Health Suites, Lubbock, Texas, and had been in that position for six (6) years and four (4) months.
7. On or about May 1, 2019, through May 2, 2019, while employed as a Licensed Vocational Nurse with Crown Point Health Suites, Lubbock, Texas, Respondent administered an incorrect dose of morphine sulfate liquid to Resident S.L., a hospice patient with a history of lung disease, on two separate occasions. Specifically, Respondent administered 2.5 ml (50 mg) of morphine sulfate to Resident S.L. instead of 0.25 ml (5 mg) of morphine sulfate, as ordered, at approximately 15:00 on May 1, 2019, and at approximately 08:20 on May 2, 2019. Subsequently, Resident S.L. passed away on May 2, 2019, at approximately 13:55. Respondent's conduct was likely to injure the patient in that failure to administer medication as ordered could have resulted in non-efficacious treatment, and may have contributed to the resident's demise.
8. In response to the incident in Finding of Fact Number Seven (7), Respondent states that the resident's family member reported that the resident wanted something for nausea and wanted to go ahead and take morphine. Respondent states that she then drew the dose up and administered to the resident as ordered. Respondent states she monitored the patient throughout the day and the resident was noted to be less irritable and calm. Respondent states that at the start of her shift on May 2, 2019, the resident was noted to be confused and irritable. Respondent states that she administered Ativan at approximately 07:20, continued to monitor the patient and noted that resident continued to seem very anxious and irritable. Respondent states that she then went to the med cart and drew up the dose of morphine and administered to the resident as ordered. Respondent states that the resident seemed relaxed and less irritable after administration as she continued to sit in her wheelchair for some time and then was assisted back to bed by staff with no signs or symptoms of distress. Respondent states that the resident passed away at approximately 13:15. She notified the family and hospice organization. Respondent states she gave the narcotics to the Director of Nursing for destruction and was notified that the count was off. Respondent states that she then noted she gave 2.5 mg of morphine in the morning instead of the ordered 0.25 mg.

5. Pursuant to Section 301.463(d), Texas Occupations Code, this Agreed Order is a settlement agreement under Rule 408, Texas Rules of Evidence, in civil or criminal litigation.
