AGREED ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of JENNIFER JO BRISENO, Registered Nurse License Number 678834, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code.

Respondent waived notice and hearing and agreed to the entry of this Agreed Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on April 1, 2020.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Agreed Order.
3. Respondent's license to practice as a professional nurse in the State of Texas is in current status.
4. Respondent received a Baccalaureate Degree in Nursing from Texas Woman's University, Denton, Texas, on May 1, 2001. Respondent was licensed to practice professional nursing in the State of Texas on July 10, 2001.
5. Respondent's nursing employment history includes:

| | | |
|-------------------|----|---|
| 07/2001 – 09/2018 | RN | Texas Children's Hospital Houston, Texas |
|-------------------|----|---|

Respondent's nursing employment history continued:

10/2018 - Present

RN

Memorial Hermann Hospital
Houston, Texas

6. At the time of the incident, Respondent was employed as a Registered Nurse with Texas Children's Hospital, Houston, Texas, and had been in that position for seven (7) years and one (1) month.
7. On or about August 1, 2018, through August 31, 2018, while employed as a Registered Nurse with Texas Children's Hospital, Houston, Texas, Respondent failed to administer Hydrocodone/APAP to patients as ordered by a physician. More specifically, Respondent administered Hydrocodone/APAP to patients noted as being asleep and/or with a documented pain score of zero despite the physician's order stating to administer the medication for a pain score of 1-5 or 6-10. Respondent's conduct was likely to injure the patients in that failure to administer medication as ordered by a physician could have resulted in non-efficacious treatment.
8. In response to Finding of Fact Number Seven (7), Respondent takes full responsibility for her actions. Respondent states it was her practice to review her patients' charts and visit with each of them at the beginning of her shift to discuss their care. Respondent states she always asked the patients if they want to be woken up to take their scheduled pain medication. Respondent states the patients who were documented as being asleep responded that they wanted to be woken up to take their scheduled pain medication because they did not want to be in pain. Respondent states she had been told by physicians to give the patients their pain medication as scheduled even if their pain level was zero, so long as it was scheduled and they requested it.

CONCLUSIONS OF LAW
