6. At the time of the initial incident, Respondent was employed as a Registered Nurse with Fresenius Kidney Care-Bayshore, Pasadena, Texas, and had been in that position for
7. On or about October 16, 2017, while employed with Fresenius Kidney Care-Bayshore, Pasadena, Texas, Respondent inappropriately asked Patient JM if she would like to walk to her dialysis chair for treatment when she was not ambulatory and had been pushed in her wheelchair into the facility due to limited mobility. Additionally, Respondent allowed an unlicensed health tech to place the patient's wheelchair in front of her to use as a walker as the health tech walked behind the patient without appropriate support devices in place. Subsequently, the patient's wheelchair rolled forward causing the patient to fall onto the ground resulting in a broken wrist. Respondent's conduct placed the patient at risk of harm and contributed to her injury.
8. In response to Finding of Fact Number Seven (7), Respondent states he asked the patient if she felt like walking to her dialysis chair and the patient said that she would do so. According to Respondent, the patient had walked at the clinic on occasion. Respondent continues that the Certified Clinical Hemodialysis Technician (CCHT) positioned the wheelchair in front of her so she could grip the handles like a rolling walker. Respondent states he started doing paperwork when he heard the patient yell out and saw the patient was on the floor. Respondent states the CCHT was three feet behind and tried to grab JM to break the fall as her wheelchair pulled away from her. Respondent states the patient reached down with her right hand to brace her fall but she slipped through the hands of the CCHT and fell onto her right hand and knees then into a sitting position.
