BEFORE THE TEXAS BOARD OF NURSING

\*\*\*\*\*

In the Matter of § AGREED ORDER  
Vocational Nurse License Number 307366 §  
issued to JUDITH RENEA ROGERS §  
§

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of JUDITH RENEA ROGERS, Vocational Nurse License Number 307366, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code.

Respondent waived notice and hearing and agreed to the entry of this Agreed Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on July 24, 2020.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Agreed Order.
3. Respondent's license to practice as a vocational nurse in the State of Texas is in current status.
4. Respondent received a Certificate in Vocational Nursing from Schreiner College, Kerrville, Texas, on April 20, 2012. Respondent was licensed to practice vocational nursing in the State of Texas on May 24, 2012.
5. Respondent's nursing employment history includes:

5/2012 – 5/2013	Unknown	
6/2013 – 7/2013	LVN	Echo Hills Camp Medina, Texas

Respondent's nursing employment history continued:

8/2013 – 12/2014	Not employed in nursing	
1/2015 – 5/2016	LVN	Knopp #2 Nursing and Rehab Fredericksburg, Texas
6/2016 – 2/2018	LVN	Starlite Recovery Center Center Point, Texas
3/2018	Unknown	
4/2018 – Present	LVN	Kerrville State Hospital Kerrville, Texas

6. At the time of the initial incident, Respondent was employed as a Licensed Vocational Nurse with Kerrville State Hospital, Kerrville, Texas, and had been in that position for one (1) year and ten (10) months.
7. On or about February 10, 2020, while employed as a Licensed Vocational Nurse with Kerrville State Hospital, Kerrville, Texas, Respondent prepared Olanzapine (Zyprexa) 5mg to treat aggressive behavior by Patient 30548 and added Acetaminophen with Codeine (Tylenol #2) and Clonazepam (Klonopin) that were not ordered by the physician and belonged to a different patient. Respondent gave the medications to another nurse to administer to the patient, who had a documented allergy to Codeine. The patient later required transfer to the hospital after he experienced lethargy, decreased heart rate, and decreased oxygen saturation. Respondent's conduct was likely to injure the patient from adverse effects of drug interactions and an anaphylactic reaction.
8. On or about February 10, 2020, while employed as a Licensed Vocational Nurse with Kerrville State Hospital, Kerrville, Texas, Respondent falsely documented the administration of Olanzapine (Zyprexa) 5mg to Patient 30548 under her own name. Respondent prepared the medications but handed the medication to another nurse to administer. Respondent's conduct created an inaccurate medical record and was likely to deceive the facility.
9. In response to Findings of Fact Numbers Seven (7) and Eight (8), Respondent states she was preparing medications when the RN came in the medication room for an "as needed" dose of Zyprexa for Patient 30548 who was acting aggressively. Respondent added morning medications that were on top of cart in with the Zyprexa for Patient 30548, scanned the medications into electronic medication administration record (EMAR), and handed them to the RN. The RN mixed the medications in yogurt and left the room to administer medications to Patient 30548 who was in the lobby. Minutes later, Respondent realized that the narcotics for a different patient, which she had pulled and placed on top

of the cart earlier, were missing because she had mistakenly added them to medications for Patient 30548. Respondent immediately called out to RN to stop, but the RN had already administered the medications to Patient 30548.
