Executive Director of the Board

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Vocational Nurse § AGREED
License Number 209791 §
issued to PRINCESS LANELLE RHODES § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of PRINCESS LANELLE RHODES, Vocational Nurse License Number 209791, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on May 10, 2010, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

- 1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
- 2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
- 3. Respondent is currently licensed to practice vocational nursing in the State of Texas.
- 4. Respondent received a Certificate in Vocational Nursing from Galen Health Institute, San Antonio, Texas, on February 9, 2007. Respondent was licensed to practice vocational nursing in the State of Texas on May 10, 2007.
- 5. Respondent's nursing employment history includes:

05/2007 - 12/2007	Unknown	
01/2008 - 05/2008	Staff Nurse	Southwest Mental Health Center San Antonio, Texas

Respondent's nursing employment history continued:

04/2008 - 08/2008	Staff Nurse	Warm Springs Rehabilitation Hospital of San Antonio San Antonio, Texas
08/08 - Unknown	Field Nurse	Home Health Innovations San Antonio, Texas
10/2008 - Unknown	Field Nurse	Interim Healthcare San Antonio, Texas

6. At the time of the incident in Finding of Fact Number Seven (7), Respondent was employed as a Field Nurse with Interim Healthcare, San Antonio, Texas, and had been in this position for less than one (1) month.
7. On or about October 30, 2008, while employed as a Field Nurse with Interim Healthcare, San Antonio, Texas, Respondent failed to appropriately assess and intervene when she visited Patient DU, a diabetic, who had a low finger stick blood glucose reading of 56 mg/dL. Respondent failed to notify the physician even though there was an order that the physician be notified of any abnormalities and for a blood sugar level under 70 mg dL. Rather than notify the physician, Respondent fed the patient, obtained two more blood sugar readings, and held the morning dose of Insulin without an order. The second reading was 67 mg/dL, but Respondent still did not contact the physician, and after Respondent obtained a third reading of 72 mg/dl, she left the patient's house. The patient had informed Respondent of his visit to the Emergency Room (ER) the night before due to "flu-like symptoms;" however, Respondent failed to obtain an oxygen saturation level or check the patient's nail beds to further assess the patient's respiratory status, and again, failed to notify the physician despite the patient having a diagnosis of Chronic Obstructive Pulmonary Disease. Additionally, Respondent failed to obtain the names of the medications that had been prescribed by the ER physician, and did not notify the Agency Nurse Manager regarding the situation. The patient was subsequently found unresponsive by a friend at noon that day; Emergency Medical Services was summoned, found the patient pulseless and without respirations, resuscitated the patient, and emergently transported him to the hospital, where it was revealed that he had pneumonia. The patient expired several hours after his arrival at the hospital. Respondent's conduct may have contributed to the patient's demise.
8. On or about October 30, 2008, while employed as a Home Health Nurse with Interim Healthcare, San Antonio, Texas, Respondent failed to appropriately document in the medical record of the aforementioned Patient DU. Respondent failed to document whether the initial blood sugar level obtained was fasting or non-fasting and the time intervals between the three blood sugar readings, all taken during the fifteen (15) minute visit. Respondent failed to document that the patient consumed a snack cake and had jelly on his toast, and only documented that the patient consumed coke and toast. Although Respondent obtained low blood sugar readings, she documented that the patient's blood sugar level was within normal limits. Respondent's conduct resulted in an inaccurate, incomplete medical record.

9. In response to the incident in Finding of Fact Number Seven (7), Respondent states that when she visited the patient, he was very upset that he had spent all night in the Emergency Room (ER) and nothing had been done for him, and he was coughing and claimed that he had the flu. According to Respondent, while the patient was "going on" about the ER visit, she checked the patient's blood sugar level and vital signs; she recalls that the blood sugar was low, and although the patient showed no signs of hypoglycemia, Respondent "rushed" downstairs to get him something to eat, brought back a snack cake and a glass of coke, and asked the patient to eat the items. Respondent states that there was uneaten toast and jelly at his bedside and states that she asked the patient to eat that, as well. Respondent asserts that after rechecking the patient's blood sugar "a few times with intervals in between each check," his blood sugar was at a level she believed was safe, and she left the patient's house while he was still eating. Respondent states that she returned to the patient's house to retrieve her stethoscope, which she had forgotten, and the patient was still sitting up at the bedside eating. Respondent concludes that she believes that she did all she could for the patient.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation of Section 301.452(b)(10)&(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §§217.11(1)(A),(1)(B),(1)(C), (1)(D),(1)(M),(1)(P)&(2)(A) and 217.12(1)(A),(1)(B)&(4).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Vocational Nurse License Number 209791, heretofore issued to PRINCESS LANELLE RHODES, including revocation of Respondent's license to practice vocational nursing in the State of Texas.
