BEFORE THE TEXAS BOARD OF NURSING

In the Matter of	§	AGREED ORDER
Registered Nurse License Number 921347	§	
& Vocational Nurse License Number 318020	§	
issued to BELINDA GIBBS RUSNAK	§	
	§	

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of BELINDA GIBBS RUSNAK, Registered Nurse License Number 921347, and Vocational Nurse License Number 318020, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(9),(10),(12)&(13), Texas Occupations Code.

Respondent waived notice and hearing and agreed to the entry of this Agreed Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on July 15, 2020.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Agreed Order.
3. Respondent's license to practice as a vocational nurse in the State of Texas is in current status. Respondent's license to practice as a professional nurse in the State of Texas is in current status.
4. Respondent received a Certificate in Vocational Nursing from Brazosport Community College, Lake Jackson, Texas, on November 25, 2013. Respondent received an Associate Degree in Nursing from Excelsior College, Albany, New York, on March 23, 2017. Respondent was licensed to practice vocational nursing in the State of Texas on January 3, 2014. Respondent was licensed to practice professional nursing in the State of Texas on May 16, 2017.

5. Respondent's nursing employment history includes:

1/2014 – 4/2017	LVN	UTMB Health Angleton, Texas
4/2017 – 4/2018	RN	UTMB Health Angleton, Texas
4/2018 – 9/2018	RN	Memorial Hermann Pearland, Texas
9/2018 – 6/2019	RN	HCA Healthcare Webster, Texas
7/2019 – Present	RN	Houston Cancer Center/Kelsey-Seybold Houston, Texas

6. At the time of the incident, Respondent was employed as a Registered Nurse with HCA Healthcare, Webster, Texas, and had been in that position for nine (9) months.
7. On or about June 12, 2019, while employed as a Registered Nurse with HCA Healthcare, Webster, Texas, Respondent falsely documented in Patient SM's Medication Administration Record (MAR) that she administered Morphine 4mg to the patient, when the patient said she never received any Morphine during that time. Furthermore, Respondent admitted to staff that she dropped the medication in the sharps container and did not administer it to the patient. Respondent's conduct created an inaccurate medical record and failure to administer medication as ordered by the physician could have resulted in non-efficacious treatment.
8. On or about June 12, 2019, while employed as a Registered Nurse with HCA Healthcare, Webster, Texas, Respondent withdrew Morphine 4mg from the medication dispensing system for Patient SM but failed to follow the facility's policy and procedure for wastage of the unused portions of the medications. Furthermore, Respondent admitted to staff that she dropped the medication in the sharps container and did not administer it to the patient. Respondent's conduct left medications unaccounted for, was likely to deceive the hospital pharmacy, and placed the pharmacy in violation of Chapter 481 (Controlled Substances Act) of the Texas Health and Safety Code.
9. On or about June 12, 2019, while employed as a Registered Nurse with HCA Healthcare, Webster, Texas, Respondent misappropriated Morphine 4mg belonging to the facility and patients thereof, or failed to take precautions to prevent such misappropriation. Furthermore, security searched Respondent's belongings and found three (3) used syringes, twenty-one (21) Norco tablets not in a prescription bottle, and one (1) Morphine 4mg vial. Respondent's conduct was likely to defraud the facility and patients thereof of the cost of the medications.

10. On or about June 13, 2019, while employed as a Registered Nurse with HCA Healthcare, Webster, Texas, Respondent engaged in the imtemperate use of Opiates in that she produced a specimen for a drug screen which resulted positive for Morphine, Hydromorphone and Hydrocodone. Unlawful possession of Opiates is prohibited by Chapter 481 (Controlled Substances Act) of the Texas Health & Safety Code. The use of Opiates by a Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms, or changes in a patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing a patient in potential danger.
11. In response to Findings of Fact Numbers Seven (7) through Ten (10), Respondent states that after she withdrew the morphine, the patient told her that she did not request it, and that she inadvertently dropped the empty morphine vial into the sharps container and squirted the syringe of morphine into the sink. Respondent relates she subsequently realized it was one of her other patients who had requested the morphine. Respondent states she did not know how to edit the MAR and was behind with her other patients, so she made a note to ask about it later, but got very busy and simply forgot about it until after she left her shift. Respondent relates she tried to report it the following day, but was escorted to take a drug test. Respondent states that after the drug test, the security guard searched her purse and found the items she had put in there from her pockets the day before, to include twenty-one (21) Norco pills. Respondent relates she is seeing a therapist for opiate dependency and gets drug tested once a month.
12. On March 16, 2020, Respondent completed a chemical dependency evaluation with Joyce M. Gayles, Ph.D. Dr. Gayles states that Respondent admitted to her addiction to pills that were prescribed to her and it was verified that Respondent has been under the treatment of a provider for drug rehab and supportive counseling. Dr. Gayles concludes that Respondent meets criteria for a Substance Use Disorder, in early remission.

CONCLUSIONS OF LAW
