Katherine A. Thomas
Executive Director of the Board

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of	§	AGREED ORDER
Registered Nurse License Number 754140	§	FOR
issued to KRISTIN JANELLE KELLER	§	KSTAR PROGRAM
	§	

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of KRISTIN JANELLE KELLER, Registered Nurse License Number 754140, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code.

Respondent waived notice and hearing and agreed to the entry of this Agreed Order for KSTAR Program approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on August 28, 2020.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Agreed Order for KSTAR Program.
3. Respondent's license to practice as a professional nurse in the State of Texas is in current status.
4. Respondent received a Baccalaureate Degree in Nursing from University of Mary Hardin-Baylor, Belton, Texas, on May 3, 2008. Respondent was licensed to practice professional nursing in the State of Texas on May 22, 2008.
5. Respondent's nursing employment history includes:

5/2008

Unknown

Respondent's nursing employment history continued:

6/2008-11/2012	Registered Nurse	Seton Medical Center Austin, Texas
12/2012-5/2013	Unknown	
6/2013-Present	Registered Nurse	Seton Medical Center Hays Kyle, Texas
4/2018-2/2020	Registered Nurse	Community Care Austin, Texas

6. At the time of the incident, Respondent was employed as a Registered Nurse with Community Care, Austin, Texas, and had been in that position for one (1) year.
7. On or about April 11, 2019, through June 13, 2019, while employed as a Registered Nurse with Community Care, Austin, Texas, Respondent incorrectly administered Procrit to Patient RD without a physician's order on two separate occasions. Specifically, the patient presented to the clinic with the Procrit and Respondent administered the medication without appropriate lab results or an order. Additionally, Respondent failed to correctly and/or completely document both administrations of the Procrit to Patient RD in the medical record, in that Respondent did not document the administration in the Medication Administration Record (MAR) and failed to document all required components of the administration. Respondent's conduct could have injured the patient from adverse reactions to medication administered without the benefit of a physician's expertise.
8. In response to the incident in Finding of Fact Number Seven (7), Respondent acknowledges that she did administer the medication at issue. In both instances, the patient presented to Community Care clinic with her prescribed and refrigerated Procrit dose, which was to be administered by her nephrologist's office that day. The patient was not going to be able to make it to her nephrology appointment, and out of concern that the medication would not be administered on schedule or would expire, Respondent administered the medication at the patient's request. Prior to administering, Respondent called the Nephrologist's office and verified that a medication order existed and verified the criteria for administering it. Respondent states that the patient met the nephrologist's requirements for the Procrit administration. Respondent states that the patient tolerated the injection. Respondent states that at both administrations, she documented her administration of the Procrit in her telephone triage notes, along with a notation of the criteria from the nephrologist's office.
