Number AP110616	§	
& Registered Nurse License Number 673681	§

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of SHERYL LYNN HALL, Advanced Practice Registered Nurse License Number AP110616, and Registered Nurse License Number 673681, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10),(12)&(13), Texas Occupations Code. Respondent waived notice and hearing and agreed to the entry of this Agreed Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on November 30, 2020.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Agreed Order.
3. Respondent's license to practice as a professional nurse in the State of Texas is in current status. Respondent's license to practice as an advanced practice registered nurse in the State of Texas with authorization as a Nurse Anesthetist without Prescription Authorization is in current status.

Respondent was licensed to practice advanced practice registered nursing in the State of Texas with authorization as a Nurse Anesthetist on January 3, 2001.

5. Respondent's nursing employment history includes:

8/2006 – 12/2010	CRNA	Christus St. Catherine's Hospital Katy, Texas
01/2011 – 8/2013	CRNA	Memorial Hermann Southeast Hospital Houston, Texas

Respondent states it was her sixth day of work at North Richland and she received little to no orientation on how things operate. She states it was a very difficult case, as she had to manage the patient's airway, by performing a chin lift with one hand, while she administered Propofol with the other. She states typically she would record vitals while the procedure is being performed, but she had both hands occupied. Respondent further states she had every intent to complete the record and reconcile the administered drugs; however, she did not have the opportunity to document such before being terminated by the Lead CRNA.
