AGREED ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of ADA OBIGNUJU JONES, Registered Nurse License Number 975318, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code.

Respondent waived notice and hearing and agreed to the entry of this Agreed Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on April 8, 2020.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Agreed Order.
3. Respondent's license to practice as a professional nurse in the State of Texas is in current status.
4. Respondent received a Baccalaureate Degree in Nursing from Baptist Memorial College, Memphis, Tennessee, on December 1, 2017. Respondent was licensed to practice professional nursing in the State of Texas on August 14, 2019.
5. Respondent's nursing employment history includes:

12/2017 – 5/2019

Unknown

6/2019 – 10/2019

ED Staff Nurse

Medical City Dallas
Dallas, Texas

Respondent's nursing employment history continued:

10/2019 – Present	Registered Nurse	Avenna Home Health Dallas, Texas
10/2019 – Present	Registered Nurse	UT Southwestern Dallas, Texas

6. At the time of the incident, Respondent was employed as a Registered Nurse with Medical City Dallas, Dallas, Texas, and had been in that position for three (3) months.
7. On or about September 8, 2019, through September 9, 2019, while employed as a Registered Nurse by Medical City Hospital, Dallas, Texas, Respondent failed to timely administer Humulin R 10u intravenous (IV), Calcium Chloride 1g IV, Sodium Bicarbonate 50meq IV, and D50 IV to Patient Medical Record Number H001625517 as ordered by the ER physician at 2315. Instead, Respondent administered the Humulin R 10u IV at 0015 and Calcium Chloride 1g IV at 0019, but failed to administer the ordered D50 IV and Sodium Bicarbonate 50meq IV. Subsequently, the patient's blood glucose was 44mg/dL when he was transferred to the Intensive Care Unit (ICU) at 0130. Respondent's conduct was likely to injure the patient from the complications of low blood glucose including loss of consciousness, seizures, or death.
8. On or about September 8, 2019, through September 9, 2019, while employed as a Registered Nurse by Medical City Hospital, Dallas, Texas, Respondent failed to provide bedside hand-off report and/or provide updated information to the Intensive Care Unit (ICU) Nurse when Patient Medical Record Number H001625517 was transferred to ICU. Instead, Respondent provided phone report approximately one (1) hour before the patient was taken to ICU by an Emergency Department (ED) Technician without Respondent's knowledge. Respondent's conduct deprived staff of accurate information on which to base their decisions for further care and exposed the patient unnecessarily to a risk of harm from complications due to a delay of timely medical intervention.
9. On or about September 8, 2019, through September 9, 2019, while employed as a Registered Nurse by Medical City Hospital, Dallas, Texas, Respondent failed to reassess Patient Medical Record Number H001625517 after his blood pressure was 187/133 at 2350 and 179/116 at 0128. Subsequently, the patient's blood pressure was 201/128 when he arrived at the Intensive Care Unit (ICU). Respondent's conduct was likely to injure the patient from clinical care decisions based on incomplete assessment information and deprived the patient of timely medical intervention.
10. In response to Findings of Fact Numbers Seven (7) through Nine (9), Respondent states the doctor gave orders at 2315 and the Pyxis profile had all the ordered meds except D50W and Sodium bicarbonate. Respondent states the patient's blood glucose was 107 before she gave Humulin R at 2314 and Calcium Chloride, Kayexalate, Catapres, Apresoline and

Norco at 0023. Respondent states she was pulled to another room after she called report to the Intensive Care Unit (ICU) Nurse, so the ICU Nurse called later to find out which ordered medications Respondent had given in the Emergency Room. Respondent states the patient was transported to ICU by an Emergency Department (ED) Technician in violation of the hospital's policy before Respondent could reassess the patient's condition or administer the D50W and Sodium Bicarbonate. Respondent states the facility had unsafe practices including having ED Technicians transport patients under the guidance of supervisors without checking with the ED Nurse.
