

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of	§	AGREED ORDER
AMANDA LEANN HUGHES,	§	FOR
Vocational Nurse License Number 343524	§	ELIGIBILITY &
& PETITIONER for Eligibility for Licensure	§	DISCIPLINE

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of Vocational Nurse License Number 343524 and the Application by Examination, which has been processed as a Petition for Declaratory Order, hereinafter referred to as the Petition, pursuant to 22 TEX. ADMIN. CODE §217.2(b) and §213.30, and supporting documents filed by AMANDA LEANN HUGHES, hereinafter referred to as Petitioner, requesting a determination of eligibility for licensure in compliance with Sections 301.252, 301.253, 301.257 and 301.258, Texas Occupations Code, together with any documents and information gathered by staff and Petitioner's Certification contained herein.

Information received by the Board produced evidence that Petitioner may be subject to discipline and ineligible for licensure pursuant to Sections 301.452(b)(10)&(13) and 301.453, Texas Occupations Code.

Petitioner waived notice and hearing and agreed to the entry of this Agreed Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on May 3, 2021.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Petitioner and Petitioner was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Petitioner waived notice and hearing, and agreed to the entry of this Agreed Order.
3. On or about November 19, 2020, Petitioner submitted the Petition requesting a determination of eligibility for licensure.

4. Petitioner received a Certificate in Vocational Nursing from Texarkana College, Texarkana, Texas, on May 10, 2018. Petitioner received an Associate Degree in Nursing from the Arkansas Rural Nursing Education Consortium, Nashville, Arkansas, on December 16, 2020. Petitioner was licensed to practice vocational nursing in the State of Texas on June 12, 2018.
5. Petitioner's license to practice vocational nursing in the State of Texas is in current status.
6. Petitioner's complete nursing employment history is unknown.
7. On or about May 28, 2019, and June 2, 2019, while employed as a Licensed Vocational Nurse with LaSalle Corrections, Ruston, Louisiana, and assigned to Bi State Jail, Texarkana, Texas, Petitioner failed to administer and/or document administration of fluconazole, quetiapine, and naproxen to Patient HA. Petitioner's conduct resulted in an incomplete medical record, and exposed the patient to a risk of harm in that failure to administer medications as ordered by the physician could have resulted in non-efficacious treatment of the patient's condition.
8. On or about June 10, 2019, while employed as a Licensed Vocational Nurse with LaSalle Corrections, Ruston, Louisiana, and assigned to Bi State Jail, Texarkana, Texas, Petitioner failed to adequately assess Patient HA, and failed to intervene when the patient had abnormal vital signs including blood pressure 177/123mmHg and a heart rate of 130 bpm. Additionally, Petitioner failed to notify a supervisor and/or provider regarding the patient's status. Subsequently, the patient was transferred to the hospital the following shift for abnormal vital signs and change in level of consciousness, where she was diagnosed with sepsis, meningitis, and accelerated hypertension, and ultimately expired. Petitioner's conduct resulted in a delay in emergency treatment for the patient that was needed to prevent further complications.
9. In response to the incident in Finding of Fact Number Seven (7), Petitioner states that she had not been notified about failing to administer medication to this patient. If medication was not available, Petitioner states that she would denote this on the medication administration record by circling the date. In response to the incident in Finding of Fact Number Eight (8), Petitioner states that when she arrived on shift on the date in question, she was told that blood pressure was to be checked each shift, but there were no parameters established as to when to notify a supervisor. Petitioner states that when she obtained the patient's blood pressure, the patient was scooting around the cell and would not hold still; the pressure and heart rate were elevated, which she felt were related to the patient's activity. Petitioner states that the patient went to sleep after that, and she notified the oncoming nurse at 0500 about the vital signs. Petitioner states that the day shift sent the patient to the hospital for altered mental status for several days and for refusing treatment for weeks, with no mention of the blood pressure Petitioner took early that morning. Petitioner adds that she should have retaken the pressure after the patient had calmed down in order to get a more accurate reading, but it was a busy night since her duties included being responsible for 140 inmates, medication passes, accuchecks, medical intakes, and any emergencies that might arise.

10. The Executive Director considered evidence of Petitioner's past behavior in light of the factors set out in 22 TEX. ADMIN. CODE §213.27 and determined that Petitioner currently demonstrates the criteria required for licensure.
11. The Executive Director's review of the grounds for potential ineligibility has been made on the basis of Petitioner's disclosures.
12. Petitioner has been advised by the Board that any information found to be incomplete, incorrect or misleading to the Board or a subsequent discovery of a basis of ineligibility will be considered by the Board and may result in an ultimate determination of ineligibility or the later revocation of a license obtained through fraud or deceit.
13. Petitioner shall immediately notify the Board of any fact or event that could constitute a ground of ineligibility for licensure under Section 301.452(b), Texas Occupations Code.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. On or about November 19, 2020, Petitioner submitted the Petition requesting a determination of eligibility for licensure in compliance with Sections 301.252, 301.253, 301.257 and 301.258, Texas Occupations Code, and the Board's Rules at 22 TEX. ADMIN. CODE §217.2(b) and §213.30.
3. The evidence received is sufficient to prove violation(s) of 22 TEX. ADMIN. CODE §217.11(1)(A),(1)(B),(1)(C),(1)(D),(1)(M)&(2)(A) and 22 TEX. ADMIN. CODE §217.12(1)(A),(1)(B)&(4).
4. Petitioner's history reflects conduct which may constitute grounds for discipline and denial of a license under Section 301.452(b)(10)&(13), Texas Occupations Code.
5. The Board may probate the denial of a license under conditions for a specified term pursuant to Section 301.453, Texas Occupations Code.
6. The Board may license an individual upon evaluation of the factors in 22 TEX. ADMIN. CODE §213.27, and pursuant to 22 TEX. ADMIN. CODE §213.33, if the Board is satisfied that the individual is able to consistently conform her conduct to the requirements of the Nursing Practice Act, the Board's Rules and Regulations, and generally accepted standards of nursing practice.
7. This Order is conditioned upon the accuracy and completeness of Petitioner's disclosures. Any subsequently discovered discrepancies will result in investigation and possible disciplinary action, up to revocation of Petitioner's license(s).

8. Pursuant to Section 301.463(d), Texas Occupations Code, this Agreed Order is a settlement agreement under Rule 408, Texas Rules of Evidence, in civil or criminal litigation.
