Case No. VN-2013-1756

OAH Case No. 2017041247

PROPOSED DECISION

Glynda B. Gomez, Administrative Law Judge, Office of Administrative Hearings,
heard this matter on November 16, 2017, in Los Angeles, California.

Supervising Deputy Attorney Elyse Davidson represented Cheryl C. Anderson, M.S.,
R.N., Interim Executive Officer (Complainant), Board of Vocational Nursing and Psychiatric
Technicians (Board). Respondent Esther Ruth Olvera (Respondent), represented herself.

Evidence was received and the matter was submitted on November 16, 2017.

FACTUAL FINDINGS

1. Complainant filed the Amended Accusation while acting in her official capacity.
2. The Board issued vocational nurse license number VN 207906 to Respondent on January 30, 2004. The license is active and renewed through September 30, 2019.
3. On May 24, 2013, in Los Angeles Superior Court Case Number 3MP01862, Respondent was convicted, on her plea of nolo contendere, of violating Vehicle Code section 23152, subdivision (b), driving while having 0.08 percent or more, by weight, blood alcohol level, a misdemeanor. Respondent was sentenced to 13 days in jail and placed on probation for 36 months on terms and conditions including attending a 3-month First Offender Driving

Under the Influence program. The facts and circumstances surrounding the convictions are that on February 20, 2013, officers were called to a domestic disturbance where they found Respondent inebriated and shouting and banging on her ex-husband's door. During the investigation, the officers discovered an open beer bottle in Respondent's car console. When arrested, Respondent's breath alcohol level was .16 percent.

4. On January 13, 2014, in Los Angeles Superior Court Case Number 3MP08999, Respondent was convicted, on her plea of nolo contendere, of violating Vehicle Code section 20002, subdivision (a), hit and run with property damage, a misdemeanor. Respondent was given a suspended sentence and placed on 36 months of probation on terms and conditions including the payment of fines, fees, and assessments. The facts and circumstances of the conviction are that on August 10, 2013, Respondent fell asleep behind the wheel after working a night shift and rear-ended another vehicle, pushing that vehicle into a third vehicle. Respondent initially stopped, but then left the scene.

5. On February 14, 2014, in Los Angeles Superior Court Case Number 3JB08454, Respondent was convicted, on her plea of nolo contendere, of violating Vehicle Code section 23152, subdivision (b), driving while having 0.08 percent or more, by weight, blood alcohol level, a misdemeanor. Respondent was sentenced to 40 days in jail, ordered to complete the Hospital and Morgue program and placed on probation for four years on terms and conditions including the payments of fines, fees and assessments. The facts and circumstances of the conviction are that, on October 17, 2013, a California Highway Patrol (CHP) officer stopped Respondent for a traffic violation after observing her vehicle weaving between lanes. While speaking to Respondent, the officer detected the smell of alcoholic beverages in the vehicle. He also observed Respondent to have bloodshot and watery eyes and to have slow and slurred speech. Respondent told the officer that she had consumed two beers. Respondent failed field sobriety tests. At the time of her arrest, Respondent provided breath samples with a breath alcohol content level of .15 percent and .14 percent.

6. On May 16, 2014, in Los Angeles Superior Court Case Number 4JB02443, Respondent was convicted, on her plea of nolo contendere, of violating Vehicle Code sections 23152, subdivision (b), driving while having 0.08 percent or more, by weight, blood alcohol level, a misdemeanor and 14601.2, subdivision (a), driving while privileges are suspended or revoked with knowledge, a misdemeanor. Respondent was sentenced to one year in jail. The facts and circumstances of the convictions are that, on February 6, 2014, a CHP officer stopped Respondent for a traffic violation after having observed her vehicle weaving and straddling the lane lines on the freeway. Respondent provided the CHP officer her expired driver's license and advised him that her license was suspended. The CHP officer observed that Respondent's eyes were bloodshot and watery, and her breath smelled of alcohol. Respondent failed field sobriety tests and a Preliminary Alcohol Screening test showed Respondent's breath alcohol content level at .19 percent on the first reading and .18 percent on the second reading.

7. Also on May 16, 2014, at Respondent's request, the court entered a Nunc Pro Tunc order consolidating all of Respondent's pending criminal cases, terminating all

probation and sentencing Respondent to six months in jail to run concurrent with her one-year jail sentence for the May 16, 2014 conviction.

8. On December 8, 2016, in Los Angeles Superior Court Case Number BA450516, Respondent was convicted, on her plea of nolo contendere, of one count of violating Vehicle Code sections 21352, subdivision (a), driving while under the influence of alcohol, a felony and 23550, driving under the influence of alcohol within ten years of three other DUI offenses, a felony. On count one, Respondent was given a suspended three-year state prison term and placed on five years formal probation under terms and conditions including serve 180 days in the county jail, and an additional three days in lieu of a \$390 fine. On count two, Respondent was given a suspended sentence and placed on five years formal probation, ordered to pay fines, fees and restitution and to cooperate with her probation officer on a plan for alcohol abuse and prevention and to abstain from any use of alcohol. The circumstances surrounding the convictions are that on September 23, 2016, CHP officers conducted a traffic stop after observing Respondent's vehicle veering and swerving on the freeway nearly colliding with a wall and another vehicle. Respondent refused to stop on the freeway when officers attempted to stop her. Respondent exited the freeway and parked on a city street. She refused to roll her window down and continued to drink a can of beer after she stopped her vehicle. Respondent failed field sobriety tests, had bloodshot, watery eyes and was unable to stand.

9. Respondent experienced tremendous personal and financial turmoil during the period of 2010-2016. Respondent went through the breakup of her ten-year marriage, a divorce, a foreclosure, a job loss and loss of custody of her children. Respondent's depression and desperation intensified, and she began abusing alcohol. Respondent hit rock bottom and then embarked on a rehabilitation journey. Respondent completed a six-month residential alcohol and drug treatment program at Walter Hoving House on July 4, 2017, a court-ordered 14-week anger management class, an 18-month SB-38 Driving Under the Influence Prevention course, Alcoholics Anonymous meetings, and a six month long parenting class. Respondent believes that she has now obtained the tools she needs to manage her life and stress. She takes prescription medication for her depression, has a support group, follows a faith-based anti-relapse program and attends church on a regular basis. Respondent now shares custody of her sons with her ex-husband and contributes to their support. Respondent credibly testified about her remorse for her misconduct and her hope for the future. Respondent has been sober since her last arrest on September 23, 2016.

10. Respondent submitted letters of reference from Keren Romero, a licensed vocational nurse, Sandra Ulloa, a registered nurse and Frances Ramos, a registered nurse.

A. In her letter dated October 20, 2017, Ms. Romero, who is Respondent's cousin and has known Respondent for 20 years, wrote:

She is honest, sincere, caring, and loving to me and my family. There were many times when she would work 16 hour days to care for her family, and still gave her time, to

help me study for my exams. It is, in part, and because of her that I passed my LVN exams. She worked vigorously with me. She has taught me the work ethic necessary for a nurse, as well as, its challenges. If not for her selflessness, and caring, I would not be in the nursing field. Further, I would not be continuing my studies to become an R.N.

Ms. Olvera certainly understands that she has done wrong and expresses regrets for her actions. She would like to learn from her actions, and move forward with her life as a productive citizen. What I see is that she is rebuilding her life to claim a greater sense of dignity, and hope.

She can achieve so much more being productive, if given the chance and opportunity to return to her vocation. Given the chance, and in the fullness of time she would pick herself up. It is my opinion that the truest measure of the human spirit is what they do to make right their wrongs, after life pulls them down. In Ms. Olvera I see that she has picked herself up, and is moving forward. Therefore, I implored this Honorable Board show her leniency, and grant her a second chance, and not revoke or suspend her LVN license. She will better serve society as a productive citizen. To suspend or revoke her license would create a tremendous financial hardship upon her, at this very vulnerable time in her life. She needs to take care of her children, and be in their lives. ...

B. In her October 19, 2017 letter, Sandra Ulloa, RN, wrote:

Esther Olvera and I have had the pleasure of working together on and off for various Health Care organizations since December, 2005, when she was hired by our company to fill the role of Float License Vocational Nurse. We were in strong need of a hands-on, process-oriented nurse for our day-to-day clinical operations. Esther turned out to be the nurse we needed because of her flexibility, dependability, and commitment to patient satisfaction.

Esther's ability to provide caring and efficient nursing procedures to her patients significantly strengthened our overall patient satisfaction results. She worked hard as an individual, and even harder as team player. Her main focus has been to provide quality nursing care for her patients. The population she served ranged from pediatrics to geriatrics.

The characteristic that is most commendable in Esther is her desire to provide exceptional quality care to her patients. Esther has always presented to work properly groom [sic], her professionalism has always being [sic] evident by the great respect she has for her nursing profession. We have work [sic] in various clinical setting that required adjusting to the culture of the various clinics. . . . I believe she was able to make significant improvements because of her commitment to do so. Her ability to be open to positive feedback makes her an asset to any health care organization that employs her.

Lastly, Esther is a great motivator and mentor. During the time that she worked as Clinic Supervisor the employees in our organization were always inspired, and prepared to meet new challenges because of her motivational style of management. Esther is a natural born leader. She is confident and decisive. She makes everyone around her better and would be an excellent addition to any medical organization.

C. In her October 22, 2017 reference letter, Francy Ramos, RN, wrote:

... We worked together for 4 years, while Esther worked as a nurse in Roybal Comprehensive Health Comprehensive Health Center. I can confirm that Esther is careful, considerate, efficient, responsible, and dedicated to the well-being of others. She always exhibited a can do attitude, worked long hours to ensure all her patients were taken care and was flexible to work in various departments at the facility as needed.

She is well-regarded among all the staff at the hospital as a person of high integrity, honesty, and true care for others. Esther and I, worked on several sensitive and emergency situations, and she has always conducted herself with common sense and compassion.

I am aware that Esther has a DUI incident. However, I wish to express that under no circumstances does this incident reflect on her ability to perform her job as a nurse.

(Exhibit A)

11. Respondent's 2015 work performance evaluation was positive.

12. Complainant produced a declaration of Deputy Attorney General Elyse M. Davidson that described Deputy Attorneys General and paralegal time incurred at rates of \$170 per hour and \$120 per hour, respectively, for a total of \$6,955 in prosecution costs. According to the detailed printout attached to Ms. Davidson's declaration, attorney and paralegal time was used for investigation, drafting pleadings, engaging in client communication, and trial preparation. The costs are excessive and the time records evidence duplicative efforts by multiple attorneys. The 10.50 hours billed by Deputy Attorney General Elyse M. Davidson, the 1.70 hours of supervisory time billed by Supervising Deputy Attorney General Thomas L. Rinaldi and the 10.50 hours of paralegal time constitute the reasonable costs of prosecution of this matter in the sum of \$3,334.

LEGAL CONCLUSIONS

1. Complainant must prove her case by clear and convincing evidence to a reasonable certainty. (*Ettinger v. Board of Medical Quality Assurance* (1982) 135 Cal.App.3d 853.) Clear and convincing evidence means the evidence is "so clear as to leave no substantial doubt" and is "sufficiently strong to command the unhesitating assent of every reasonable mind." (*Mathieu v. Norrell Corporation* (2004) 115 Cal.App.4th 1174, 1190 [citing *Mock v. Michigan Millers Mutual Ins. Co.* (1992) 4 Cal.App.4th 306, 332-333].)

2. Business and Professions code sections 490 and 493 provide that the Board may discipline a licensee who has been convicted of a crime that is substantially related to the qualifications, functions, or duties of the business or profession for which the license was granted.

3. Business and Professions Code section 2875 provides that the Board is authorized to discipline any of its licensees.

4. Business and Professions Code section 2878, subdivision (a), provides that a licensee may be disciplined for unprofessional conduct.

5. Business and Professions Code section 2878, subdivision (f), provides that a licensee may be disciplined for the conviction of a crime substantially related to the qualifications, functions, and duties of a licensed vocational nurse, where the record of the conviction shall be conclusive evidence of the conviction.

6. Business and Professions Code section 2878.5, subdivision (c), provides that it is unprofessional conduct for licensee to be convicted of an offense involving the dangerous use of drugs or alcohol.

7. Business and Professions Code section 125.3 provides that the Board may request the administrative law judge to direct a licensee found to have committed a violation

or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

8. Cause exists to discipline Respondent's vocational nurse license, pursuant to Business and Professions Code section 490, in conjunction with Business and Professions Code section 2878, subdivision (f), and California Code of Regulations, title 16, section 2521, in that Respondent was convicted of a crime substantially related to the qualifications, functions or duties of a licensed vocational nurse, by reason of factual findings 1-8 and legal conclusions 1-3 and 5.

9. Cause exists to discipline Respondent's vocational nurse license, pursuant to Business and Professions Code sections 2878, subdivision (a), and 2878.5, subdivision (c), on the grounds of unprofessional conduct because Respondent was convicted of crimes involving alcoholic beverages, by reason of factual findings 1-8 and legal conclusions 1-3, 4 and 6.

10. Cause exists to discipline Respondent's vocational nurse license, pursuant to Business and Professions Code sections 2878, subdivision (a), and 2878.5, subdivision (b), on the grounds of unprofessional conduct because Respondent used alcoholic beverages to an extent or in a manner dangerous or injurious to herself, any person, or the public, by reason of factual findings 1-8 and legal conclusions 1-4 and 6.

11. Once grounds for discipline of the license have been established, the next consideration must be whether Respondent is rehabilitated from her misconduct. The Board has established criteria for use in making a rehabilitation determination. California Code of Regulations, title 16, section 2522, provides that the criteria to be considered when evaluating the rehabilitation of an individual. The criteria analyzed with respect to Respondent is as follows:

(1) Nature and severity of the act(s), offense(s), or crime(s) under consideration. *Respondent's crimes were serious, but did not involve patient care.*

(2) Actual or potential harm to the public. *Respondent's crimes all involved potential harm to the public.*

(3) Actual or potential harm to any patient. *There was no potential or actual patient harm.*

(4) Overall disciplinary record. *Not applicable.*

(5) Overall criminal actions taken by any federal, state or local agency or court. *Respondent has two felonies and three misdemeanor criminal convictions.*

- (6) Prior warnings on record or prior remediation. *Not applicable.*
- (7) Number and/or variety of current violations. *Respondent suffered two felony convictions and three misdemeanors in a five-year period.*
- (8) Mitigation evidence. *Respondent experienced extreme distress from the termination of her marriage, loss of her job, loss of her home and loss of custody of her children in a compacted period. She has suffered from depression and self-medicated with alcohol. Respondent has completed a six-month residential rehabilitation program, parenting classes, drug and alcohol counseling, and anger management courses and has been sober since her last arrest. Respondent's references opined that she was a respected and competent nurse.*
- (9) In case of a criminal conviction, compliance with terms of sentence and/or court-ordered probation. *Respondent is in compliance with her current probation and will remain on probation until December of 2021.*
- (10) Time passed since the act(s) or offense(s) occurred. *Respondent's most recent conviction is one year old.*
- (11) If applicable, evidence of proceedings to dismiss a conviction pursuant to Penal Code section 1203.4. *Not applicable.*
- (12) Cooperation with the Board and other law enforcement or regulatory agencies. *Respondent has been cooperative with the Board.*
- (13) Other rehabilitation evidence. *Respondent expressed remorse and has been sober for more than a year.*

12. Applying the rehabilitation criteria in light of the foregoing law, Respondent's license should be disciplined. Rehabilitation is a state of mind and the law looks with favor upon rewarding with the opportunity to serve, one who has achieved "reformation and regeneration." (*Pacheco v. State Bar* (1987) 43 Cal.3d 1041, 1058.) The evidentiary significance of misconduct is greatly diminished by the passage of time and by the absence of similar, more recent misconduct. (*Kwasnik v. State Bar* (1990) 50 Cal.3d 1061, 1070.) Little weight is generally given to good behavior while one is on parole or probation as is the case here. (see *In Re Gossage* (2000) 23 Cal. 4th 1080.) Respondent has yet to demonstrate any sustained period of good behavior absent the incentive of a pending criminal probation and a potential jail term. Nevertheless, complete revocation of Respondent's license under the current set of circumstances would be unduly harsh and more than what is required to protect the public. Respondent would benefit, and the public would be adequately protected

by an extended period of probation which includes alcohol and drug testing and counseling so that the Board may monitor her practice and ensure that she remains on her current path of sobriety.

13. Complainant established that the Board has incurred reasonable costs of \$3,334 in this matter under the provisions of Business and Professions Code section 123.5. However, the Board must consider a Respondent's subjective good faith belief in the merits of her position, whether she has raised a colorable challenge to the discipline sought and consider her ability to pay the costs. (*Zuckerman v. State Board of Chiropractic Examiners* (2002) 29 Cal.4th 32.) In light of these factors, and based upon Respondent's financial condition, current unemployment and the severity of the order below, it would be unduly punitive to require Respondent to pay all the Board's costs. It is reasonable for Respondent to pay \$1,000 in costs prior to the completion of probation on terms approved of by the Board. (Factual Findings 1-12 and Legal Conclusion 7 and 13.)

ORDER

Respondent Esther Ruth Olvera's vocational nurse license is hereby revoked. However, the revocation is stayed and Respondent's vocational nurse license is placed on probation for a period of five years on the following terms and conditions:

1. OBEY ALL LAWS

**4. NOTIFICATION OF ADDRESS AND TELEPHONE

**5. NOTIFICATION OF RESIDENCY OR PRACTICE OUTSIDE OF

Respondent shall notify the Board, in writing, within 5 days, if she leaves California to reside or practice in another state. Periods of residency or practice outside of California shall not apply toward a reduction of this probation time period. extended for the same time period she resides or practices outside of California. Respondent shall provide written notice to the Board within 5 days of any change of residency or practice.

Respondent shall notify the Board, in writing, within 5 days, upon her return to California.

6. MEETINGS WITH BOARD REPRESENTATIVE(S)

Respondent shall appear in person at meetings as directed by the Board or its designated representatives.

7. NOTIFICATION TO EMPLOYER(S)

When currently employed or applying for employment in any capacity in any health care profession, Respondent shall notify her employer of the probationary status of Respondent's license. This notification to the Respondent's current health care employer shall occur no later than the effective date of the Decision. The Respondent shall notify any prospective health care employer of her probationary status with the Board prior to accepting such employment. At a minimum, this notification shall be accomplished by providing the employer or prospective employer with a copy of the Board's Accusation or Statement of Issues and Disciplinary Decision.

Respondent shall provide to the Board the name(s), physical address(s), mailing address(s), and telephone number(s) of all health care employers and supervisors. Respondent shall complete the required consent forms and sign an agreement with her employer(s) and supervisor(s) authorizing the Board and the employer(s) and supervisor(s) to communicate regarding Respondent's work status, performance, and monitoring.

The Health Care Profession includes, but is not limited to: Licensed Vocational Nurse, Psychiatric Technician, Registered Nurse, Medical Assistant, Paramedic, Emergency Medical Technician, Certified Nursing Assistant, Home Health Aide, and all other ancillary technical health care positions.

Respondent shall cause each health care employer to submit to the Board all performance evaluations and any other employment related reports as required by the Board. Respondent shall notify the Board, in writing, of any difficulty in securing employer reports within 5 days of such an event.

Respondent shall notify the Board, in writing, within 5 days of any change in employment status. Respondent shall notify the Board, in writing, if she is terminated or separated, regardless of cause, from any nursing or health care related employment with a full explanation of the circumstances surrounding the termination or separation.

8. EMPLOYMENT REQUIREMENTS AND LIMITATIONS

Respondent shall work in her licensed capacity in the state of California. This practice shall consist of no less than 6 continuous months and of no less than 20 hours per week.

Respondent shall not work for a nurses' registry or in any private duty position, a temporary nurse placement agency, as a faculty member in an accredited or approved school of nursing, or as an instructor in a Board approved continuing education course except as approved, in writing, by the Board. Respondent shall work only on a regularly assigned, identified and predetermined work site(s) and shall not work in a float capacity except as approved, in writing, by the Board.

9. SUPERVISION REQUIREMENTS

Before commencing or continuing employment in any health care profession, Respondent shall obtain approval from the Board of the supervision provided to Respondent while employed.

Respondent shall not function as a charge nurse (i.e., work in any healthcare setting as the person who oversees or directs licensed vocational nurses, psychiatric technicians, certified nursing assistants, or unlicensed assistive personnel) or supervising psychiatric technician during the period of probation, except as approved, in writing, by the Board.

10. COMPLETION OF EDUCATIONAL COURSE(S)

Respondent, at her own expense, shall enroll and successfully complete coursework substantially related to the violation(s) no later than the end of the first year of probation.

The coursework shall be in addition to that required for license renewal. The Board shall notify Respondent of the course content and number of contact hours required. Within 30 days of the Board's written notification of assigned coursework, Respondent shall submit a written plan to comply with this requirement. The Board shall approve such plan prior to enrollment in any course of study.

Upon successful completion of the coursework, Respondent shall submit "original" completion certificates to the Board within 30 days of course completion.

11. MAINTENANCE OF VALID LICENSE

Respondent shall, at all times, maintain an active current license with the Board, including any period of suspension.

Should Respondent's license expire, by operation of law or otherwise, upon renewal or reinstatement, Respondent's license shall be subject to any and all conditions of this probation not previously satisfied.

12. COST RECOVERY REQUIREMENTS

Respondent shall pay to the Board costs associated with its investigation and enforcement pursuant to Business and Professions Code section 125.3 in the amount of \$1,000.

Respondent shall be permitted to pay these costs in a payment plan approved by the Board with payments to be completed no later than three months prior to the end of the probation period. The filing of bankruptcy by Respondent shall not relieve Respondent of her responsibility to reimburse the Board for its investigation and prosecution costs. Failure to make payments in accordance with any formal agreement entered into with the Board or pursuant to any Decision by the Board shall be considered a violation of probation.

If Respondent has not complied with this condition during the probationary period, and Respondent presents sufficient documentation of her good faith effort to comply with this condition, and if no other conditions have been violated, the Board or its representatives may, upon written request from Respondent, extend the probation period up to one year, without further hearing, in order to comply with this condition. During the extension, all original conditions of probation will apply.

Except as provided above, the Board shall not renew or reinstate the license of any respondent who has failed to pay all the costs as directed in a Decision.

13. LICENSE SURRENDER

During probation, if Respondent ceases practicing due to retirement, health reasons, or is otherwise unable to satisfy the conditions of probation, Respondent may surrender her license to the Board. The Board reserves the right to evaluate Respondent's request and to exercise its discretion whether to grant the request without further hearing. Upon formal acceptance of the tendered license, Respondent will no longer be subject to the conditions of probation.

Surrender of Respondent's license shall be considered a disciplinary action and shall become a part of Respondent's license history with the Board. A licensee who surrenders her license may petition the Board for reinstatement no sooner than the following minimum periods from the effective date of the disciplinary Decision for the surrender:

- 3 years for reinstatement of a license surrendered for any reason other than a mental or physical illness; or
- 1 year for a license surrendered for a mental or physical illness.

14. VIOLATION OF PROBATION

If Respondent violates the conditions of her probation, the Board, after giving Respondent notice and an opportunity to be heard, may set aside the stay order and impose the stayed discipline (revocation) of Respondent's license. If during probation, an Accusation or Petition to Revoke Probation has been filed against Respondent's license or the Attorney General's Office has been requested to prepare an Accusation or Petition to Revoke Probation against Respondent's license, the probationary period shall automatically be extended and shall not expire until the Accusation or Petition has been acted upon by the Board.

15. EXAMINATION BY A PHYSICIAN

Within 60 days of the effective date of the Decision, Respondent shall submit to a physical examination by a physician of her choice who meets minimum criteria established by the Board. The physician must be licensed in California and Board certified in Family Practice, Internal Medicine or a related specialty. The purpose of this examination shall be to determine ability to perform all professional duties with safety to self and to the public. Respondent shall provide the examining physician with a copy of the Board's Disciplinary Order prior to the examination. The cost of such examination shall be paid by Respondent.

Respondent shall cause the physician to submit to the Board a written medical report in a format acceptable to the Board. This report shall be submitted within 90 days of the effective date of the Decision. If the examining physician finds that Respondent is not physically fit to practice or can only practice with restrictions, the examining physician shall notify the Board verbally within 24 hours and in writing within 5 working days. The Board shall notify Respondent in writing of the examining physician's determination of unfitness to practice and shall order Respondent to cease or restrict licensed activities as a condition of probation.

Respondent shall comply with any order to cease or restrict her practice until the Board is satisfied of Respondent's fitness to practice safely and has so notified Respondent in writing. Respondent shall document compliance in the manner required by the Board.

16. PSYCHIATRIC/PSYCHOLOGICAL EVALUATION

Within 60 days of the effective date of the Decision, Respondent shall submit to a psychiatric/psychological evaluation. The evaluation shall be performed by a psychiatrist licensed in California and Board certified in psychiatry, or by a clinical psychologist licensed in California. This evaluation shall be for the purpose of determining Respondent's current mental, psychological, and emotional fitness to perform all professional duties with safety to self and to the public. Respondent shall provide the evaluator with a copy of the Board's Disciplinary Order prior to the evaluation. The cost of such evaluation shall be paid by Respondent.

Respondent shall cause the evaluator to submit to the Board a written report concerning Respondent's status and progress as well as such other information as may be requested by the Board. This report shall be submitted in a format acceptable to the Board within 90 days from the effective date of the Decision.

If the evaluator finds that Respondent is not psychologically fit to practice safely, or can only practice with restrictions, the evaluator shall notify the Board verbally within 24 hours and in writing within 5 working days. The Board shall notify Respondent in writing of the evaluator's determination of unfitness to practice and shall order Respondent to cease or restrict licensed activities as a condition of probation.

Respondent shall comply with any order to cease or restrict her practice until the Board is satisfied of Respondent's fitness to practice safely and has so notified Respondent in writing. Respondent shall document compliance in the manner required by the Board.
