

Executive Director of the Board

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of § AGREED ORDER
Registered Nurse License Number 706023 §
issued to PATRICIA SUE CROSS-BROOKS §
§

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of PATRICIA SUE CROSS-BROOKS, Registered Nurse License Number 706023, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code.

Respondent waived notice and hearing and agreed to the entry of this Agreed Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on July 23, 2021.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Agreed Order.
3. Respondent's license to practice as a professional nurse in the State of Texas is in current status.
4. Respondent received an Associate Degree in Nursing from Northern Oklahoma College, Tonkawa, Oklahoma, on May 4, 1991. Respondent was licensed to practice professional nursing in the State of Oklahoma on August 23, 1991, and was licensed to practice professional nursing in the State of Texas on June 25, 2004.
5. Respondent's nursing employment history includes:

6/2004 – 9/2017

Registered Nurse

Arlington Medical Center
Arlington, Texas

Respondent's nursing employment history continued:

9/2017 – 6/2019	Registered Nurse	Texas Health Resources Fort Worth, Texas
7/2019 – Present	Registered Nurse	Medical City Arlington Arlington, Texas

6. At the time of the incident, Respondent was employed as a Registered Nurse with Medical City, Arlington, Texas, and had been in that position for one (1) year and six (6) months.
7. On or about January 31, 2021, while employed as a Registered Nurse with Medical City, Arlington, Texas, Respondent failed to appropriately monitor fetal heart tones for patient G.C., in that Respondent disconnected the external fetal monitor and left the patient unattended in the bathroom for ten (10) minutes. Respondent also failed to resume fetal monitoring upon the patient's return to bed for another eight (8) minutes. Respondent further failed to notify the provider of the patient's complaints of severe pain, or that the patient might be experiencing a uterine rupture. Additionally, Respondent failed to completely and accurately document conversations with the provider regarding the patient's elevated blood pressures. Subsequently, upon resumption of fetal monitoring and transfer to a laboring room, no fetal heart tones were found. An emergent caesarean was performed where it was discovered the patient had, in fact, experienced a uterine rupture. The neonate did not survive. Respondent's conduct created an inaccurate and incomplete medical record and exposed the patient and her fetus to risk of injury from adverse complications of uterine rupture; including possible demise.
8. In response to the incident in Finding of Fact Number Seven (7), Respondent states the patient had orders for bathroom privileges and the fetal monitor was reconnected when the patient returned from the bathroom. Respondent also states she then stepped aside so a co-worker could initiate a peripheral IV and obtain blood for ordered labs. Respondent states the patient was then quickly transferred to a laboring room.

CONCLUSIONS OF LAW
