AGREED ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of CHRISTIE LYNN CAMIZZI, Registered Nurse License Number 572300, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10), Texas Occupations Code.

Respondent waived notice and hearing and agreed to the entry of this Agreed Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on September 16, 2021.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Agreed Order.
3. Respondent's license to practice as a professional nurse in the State of Texas is in current status.
4. Respondent received a Baccalaureate Degree in Nursing from Texas Woman's University, Denton, Texas, on May 10, 1991. Respondent was licensed to practice professional nursing in the State of Texas on August 26, 1991.
5. Respondent's nursing employment history includes:

8/1991 - 1992	Registered Nurse	Children's Medical Center of Dallas Dallas, Texas
---------------	------------------	--

Respondent's nursing employment history continued:

3/1992 – 12/2002	Registered Nurse	Plano Pediatrics Plano, Texas
1/2001 – Present	Owner and Nurse Manager	On-Call for Kids, LLC Plano, Texas
3/2014 - Present	School Nurse	Plano Independent School District Plano, Texas

6. On or about August 1, 2005, Respondent was issued the sanction of Fine through an Order of the Board. A copy of the August 1, 2005, Order is attached and incorporated herein by reference as part of this Agreed Order.
7. At the time of the incident, Respondent was employed as a School Nurse with Plano Independent School District and assigned to Robinson Middle School, Plano, Texas, and had been in that position for four (4) years and six (6) months.
8. On or about September 26, 2019, through October 4, 2019, while enrolled as a Pediatric Primary Care Nurse Practitioner student at the University of Texas at Arlington, Arlington, Texas, and concurrently employed as a School Nurse with the Plano Independent School District and assigned to Robinson Middle School, Plano, Texas, Respondent submitted a log of clinical hours to her preceptor for signature; however, the clinical hours log did not contain any clinical hours conducted with her preceptor, and instead coincided with dates and patient contacts Respondent made while employed as a school nurse, and not as a precepted nurse practitioner student. Additionally, Respondent submitted Pediatric SOAP notes in support of her clinical requirements for her coursework that contained fabricated elements of her clinical experience including vital signs, assessments, administered testing and results, and prescribed medications. Respondent's conduct resulted in inaccurate clinical logs, and was likely to deceive the school regarding her completion of supervised clinical hours requirements that would also affect her qualifications for Advanced Practice Registered Nurse licensure.
9. In response to the incident in Finding of Fact Number Eight (8), Respondent states that the incident was the result of miscommunication between staff at the University of Texas at Arlington and herself. Respondent states that she had discussions with her clinical coordinator regarding the use of her workplace as her clinical site and the location was approved in writing. Respondent states that with this written approval, she believed that she was following the University's policy. Respondent states that had she known she was in violation of any policy, she would have immediately remedied the situation by choosing another clinical location and preceptor. Respondent states that she discussed the arrangement with her preceptor where she would be seeing students in her Robinson clinic for her course assignments and that she and her preceptor would get together weekly and

as needed to discuss patient cases, assessment findings, diseases, treatment plans, and proper documentation. Respondent states that her preceptor would then advise her on her work and offer constructive feedback on her documentation and treatment decisions. Respondent states that her preceptor signed the Preceptor Agreement and responded to her email correspondence in agreement.
