3. Respondent's license to practice as a professional nurse in the State of Texas is in current status.

In addition, Respondent's conduct may have caused delayed distress for the patient, which may not be recognized or felt by the patient until harmful consequences occur.

11. In response to Finding of Fact Number Seven (7), Respondent admits to the conduct. Family matters arose regarding my elderly mother's care and I was specifically requested to be there during the meeting." In response to Finding of Fact Number Ten (10) Respondent states: "I had been kicked out of my home, due to my mother's escalating verbal, mental, and physical abuse. I called in for the shift and chose to be honest and explained that I had been kicked out. The patients mother and she offered me a place to stay in exchange for rent."
12. On or about July 12, 2018, disclosed to Board staff that she had developed an addiction to Methamphetamine and is seeking treatment. Respondent's conduct could have affected her ability to recognize subtle signs, symptoms or changes in patients' conditions, and could have affected her ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patients in potential danger.
13. Respondent states June 8, 2018 as her date of sobriety.
14. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.

While under the terms of this Order, RESPONDENT SHALL abstain from the use of alcohol, nalbuphine, propofol and all controlled substances, except as prescribed by a licensed practitioner for a legitimate purpose. If prescribed, RESPONDENT SHALL CAUSE the licensed practitioner to submit a written report identifying the medication, dosage and the date the medication was prescribed. The report shall be submitted directly to the office of the Board by the prescribing practitioner, within ten (10) days of the date of the prescription. In the event that prescriptions for controlled substances are required for periods of two (2) weeks or longer, the Board may require and RESPONDENT SHALL submit to a pain management and/or chemical dependency evaluation by a Board approved evaluator. screening that same day at an approved testing location and/or comply with any additional instructions from the vendor or Board staff. Further, **a Board representative may appear** at the RESPONDENT'S place of employment at any time during the probation period and require RESPONDENT to produce a specimen for screening.

**Consequences of Positive or Missed Screens.** Any positive result for which RESPONDENT does not have a valid prescription or refusal to submit to a drug or alcohol screen may subject RESPONDENT to further disciplinary action, including TEMPORARY SUSPENSION pursuant to Section 301.4551, Texas Occupations Code, or REVOCATION of RESPONDENT's license(s) and nurse licensure compact privileges, if any, to practice nursing in the State of Texas.
