10/2012 - 07/2013	Unknown	
08/2013 - Present	RN	Summit Home Health Care San Antonio, Texas
02/2016 - 09/2016	RN	Baptist Home Health Care San Antonio, Texas
10/2016 - 05/2017	RN	Christus Santa Rosa- ER San Antonio, Texas

6. At the time of the incident, Respondent was employed as a Registered Nurse with Baptist Home Health Care, San Antonio, Texas, and had been in that position for seven (7) months.
7. On or about August 9, 2017, the Texas Board of Nursing provided notice to Respondent that an investigation was being initiated into alleged violations of the Nursing Practice Act and/or the Board's Rules and Regulations Relating to Nurse Education, Licensure and Practice, as follows:
 - A. On or about July 9, 2016, while employed as a Registered Nurse with Baptist Home Health, San Antonio, Texas, and assigned to provide nursing care to Patient K.S., Respondent misappropriated Hydrocodone belonging to the facility and patients thereof.
 - B. On or about July 2016, Respondent was referred to the Texas Peer Assistance Program for Nurses (TPAPN), was assessed appropriate for the program and signed a participation agreement. While participating in the program, and employed with Christus Santa Rosa Health System, San Antonio, Texas, Respondent violated TPAPN's narcotic restriction by having other nurses pull controlled substances for her. On or about August 2, 2017, Respondent was dismissed from TPAPN and referred to the Board.
8. In response to Finding of Fact Number Seven (7)(A) and (7)(B), Respondent denies misappropriating Hydrocodone, but admits she was referred to the Texas Peer Assistance Program for Nurses (TPAPN). Respondent states she was evaluated by a pain management/addiction specialist, and was told she was high risk for substance abuse. Respondent states she enrolled into TPAPN, and admits she violated TPAPN's narcotic restriction by asking a co-worker to dispense medication for her. Respondent states the emergency room was very busy, and her charge nurse wasn't available. Respondent states she was concerned about her patients, and didn't think about the consequences.

9. Respondent presented for a Forensic Evaluation with a polygraph component on April 24, 2018 and June 4, 2018. The evaluation was conducted by John Reid, PhD, wherein Dr. Reid states the likelihood that Respondent will engage in problematic behaviors in the future cannot be ruled out. Dr. Reid states Respondent acknowledged most of these problems, and Dr. Reid suggests that Respondent participate in long-term psychotherapy to address these issues. Dr. Reid states Respondent does not meet the criteria for a substance abuse disorder. However, Dr. Reid states there are concerns about Respondent admitting, during the polygraph examination, that she ingested her mother's prescription medication. Dr. Reid states if the board allows Respondent to continue practicing nursing he recommends that she participate in individual psychotherapy on a weekly basis for a period of six months to a year. Dr. Reid states the board may wish to consider that Respondent complete at least a one (1) year program similar to TPAPN and have no access to administering medication until the program is completed. Dr. Reid states Respondent is unlikely to achieve a substantial change in her professional and personal life without participating in a lengthy outpatient psychotherapeutic treatment program. Respondent's polygraph examination results indicate deceptive criteria was noted. Respondent admitted to the polygraph operator that her mother had given her Hydrocodone, Tylenol III, Xanax, and Flexeril, which was prescribed to her mother. Respondent admitted to ingesting Phenergan and Zofran three weeks prior to the polygraph examination.
10. Respondent's conduct as described in the preceding Finding(s) of Fact was reportable under the provisions of Sections 301.401-301.419, Texas Occupations Code.
11. Respondent's conduct as described in the preceding Finding(s) of Fact resulted from or was significantly influenced by Respondent's substance use disorder.
12. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or substance use disorder.
13. Respondent's compliance with the terms of a Board approved peer assistance program should be sufficient to protect patients and the public.

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation(s) of 22 TEX. ADMIN. CODE §217.12(1)(A),(1)(B),(4)&(5).
4. The evidence received is sufficient cause pursuant to Section 301.452(b)(10)&(12), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 674605, heretofore issued to MICHELE NICOLE LEE.
5. Pursuant to Section 301.463(d), Texas Occupations Code, this Agreed Order is a settlement agreement under Rule 408, Texas Rules of Evidence, in civil or criminal litigation.
