7. At the time of the initial incident, Respondent was employed as a Registered Nurse with Pearsall Nursing and Rehabilitation, Pearsall, Texas, and had been in that position for one (1) year and eight (8) months.
8. On or about March 19, 2022, through March 20, 2022, while employed as a Registered Nurse with Pearsall Nursing and Rehabilitation, Pearsall, Texas, Respondent failed to administer Lorazepam 1 MG tablet to Patient LF as ordered by a physician. 9. On or about March 19, 2022, through March 20, 2022, while employed as a Registered Nurse with Pearsall Nursing and Rehabilitation, Pearsall, Texas, Respondent falsely documented in Patient LF's Medication Administration Record (MAR) that she administered Lorazepam 1 MG tablet to the patient in that the medication was not available to be signed out. Additionally, Respondent failed to sign out the medication from the individual narcotic book. Respondent's conduct was likely to injure the patient, in that subsequent care givers would rely on her documentation to further medicate the patient, which could result in an overdose. Additionally, Respondent's conduct placed the hospital in violation of Chapter 481 (Controlled Substances Act) of the Texas Health and Safety Code.
11. On or about August 16, 2022, while employed as a Registered Nurse with Pearsall Nursing and Rehabilitation, LLC, Respondent failed to administer Acetaminophen-Codeine 300-30MG tablet to Patient D.C. as scheduled and ordered by the physician. Specifically, Respondent administered the medication early without notifying the physician. As a result, the patient experienced a fall and head injury. Respondent's conduct was likely to injure the patient in that failure to administer medication as ordered by a physician could have resulted in non-efficacious treatment.
12. In response to Findings of Fact Numbers Eight (8) through Eleven (11), Respondent admits to medication administration errors. Specifically, regarding Findings of Fact Numbers Eight (8) through Nine (9), Respondent states she withdrew all the patient's medications as they needed to be crushed for administration. Respondent states the patient spat out the meds and threw a drink at her. Respondent states when the time came to log the medications, she clicked on the medication as being given and went on to the next patient. Specifically, regarding Findings of Fact Numbers Ten (10) through Eleven (11), Respondent states she misread the previous administration time due to it being a handwritten record. Respondent states she stepped outside to decompress and did not document that she had administered the medication.
13. On or about February 3, 2022, Respondent completed the "Sharpening Critical Thinking Skills" course. On or about February 23, 2022, Respondent completed the "Nursing Jurisprudence and Ethics" course. On or about March 24, 2022, Respondent completed the "Nursing Documentation" course. In the Matter of  
Registered Nurse License Number 736105  
issued to BARBARA JANE BRISENO

§  
§  
§  
§

AGREED ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of BARBARA JANE BRISENO, Registered Nurse License Number 736105, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code.

Respondent waived notice and hearing and agreed to the entry of this Agreed Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on February 8, 2021.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Agreed Order.
3. Respondent's license to practice as a professional nurse in the State of Texas is in current status.
4. Respondent received an Associate Degree in Nursing from Excelsior College, Albany, New York, on September 5, 2006. Respondent was licensed to practice professional nursing in the State of Texas on December 21, 2006.
5. Respondent's nursing employment history includes:

01/2007 – 11/2011	Registered Nurse	HCA/Methodist Healthcare San Antonio, Texas
12/2011 – 03/2012	Unknown	

Respondent's nursing employment history continued:

04/2012 – 04/2014	Registered Nurse	Med Trust Staffing, LLC San Antonio, Texas
04/2014 – 10/2015	Registered Nurse	Baptist Medical Center San Antonio, Texas
11/2015 – 04/2016	Unknown	
05/2016 – 01/2019	Registered Nurse	Centene Corporation/ Superior Health Plan San Antonio, Texas
01/2019 – 12/2019	Registered Nurse	Community First Health Plans San Antonio, Texas
01/2020 – 10/2020	Registered Nurse	CHRISTUS VNA Hospice San Antonio, Texas
11/2020 – Present	Registered Nurse	Superior Hospice San Antonio, Texas

6. At the time of the incident, Respondent was employed as a Registered Nurse with CHRISTUS VNA Hospice, San Antonio, Texas, and had been in that position for nine (9) months.
7. On or about October 15, 2020, while employed as a Registered Nurse with CHRISTUS VNA Hospice, San Antonio, Texas, Respondent failed to properly assess Patient EV for signs of life after being notified that the patient may have been deceased; instead, Respondent used the time of last breath taken as reported to her by a licensed vocational nurse, that she was not present for, and reported that to the Medical Director as the time of death. Subsequently, Respondent falsely documented that she conducted a death assessment in the patient's medical record. Respondent's conduct created an inaccurate medical record and was likely to injure the patient from clinical care decisions based upon incomplete assessment information.
8. In response to the incident in Finding of Fact Number Seven (7), Respondent states that upon arrival to the home of the patient in question, she felt rushed as the office informed her that she was to not take long for the visit. Respondent explains that an LVN from her agency was already in the home who gave her vital signs and all assessment information. Respondent states the patient was in a supine position with hands folded across the abdomen, no respirations present, absence of rise and fall of chest, and color absent. Respondent states that the patient's daughter blocked her from approaching and told her

that all that needs to be done is completion of arrangements as the LVN assisted with the assessment and post mortem care. Respondent admits that she did accept the LVN's assessment since she had never worked with an LVN before and had no access to the bedside by the family. Respondent states the LVN told her that the patient expired at 1533 and appropriate contacts were made. Respondent states that she did not fully focus on the assessment charting and she rushed as she was interrupted by office personnel numerous times. Respondent states that at the end of the day, she accidentally synced the tablet sending all information to the main drive and forgot to go back and correct her charting.
