Executive Director of the Board

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of § AGREED ORDER
Registered Nurse License Number 948882 §
issued to SARAH NELL ALBRECHT §
§

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of SARAH NELL ALBRECHT, Registered Nurse License Number 948882, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code.

Respondent waived notice and hearing and agreed to the entry of this Agreed Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on October 23, 2020.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Agreed Order.
3. Respondent's license to practice as a professional nurse in the State of Texas is in current status.
4. Respondent received a Baccalaureate Degree in Nursing from The University of Texas Health Science Center, San Antonio, Texas, on May 10, 2018. Respondent was licensed to practice professional nursing in the State of Texas on July 3, 2018.
5. Respondent's nursing employment history includes:

7/2018 – 8/2019	Registered Nurse	University Hospital San Antonio, Texas
1/2021- Present	Registered Nurse	CHRISTUS Santa Rosa Hospital Westover Hills San Antonio, Texas

6. At the time of the initial incident, Respondent was employed as a Registered Nurse at University Hospital, San Antonio, Texas, Respondent, and had been in that position for ten (10) months.
7. On or about May 28, 2019, while employed as a Registered Nurse at University Hospital, San Antonio, Texas, Respondent inaccurately documented the administration of medications to Patient SG 21157883 by scanning Synthroid, Protonix, and Oxycodone. However, Respondent only administered Oxycodone to the patient. Subsequently, the Synthroid and Protonix were found in the patient's medication drawer. In addition, Respondent failed to complete her charting on the aforementioned patient for the shift. Respondent's conduct resulted in an inaccurate and incomplete medical record, and exposed the patient to a risk of harm in that failure to administer medications as ordered by the physician could have resulted in non-efficacious treatment of the patient's condition.
8. On or about June 23, 2019, while employed as a Registered Nurse at University Hospital, San Antonio, Texas, Respondent failed to follow the physician's order to administer 500 ml of Normal Saline before and after the administration of the antibiotic, Amikacin, to Patient FC 21894791, as ordered to protect the patient's renal function. Instead, Respondent incorrectly administered 1000 ml of Normal Saline to Patient FC 21894791 prior to the administration of the antibiotic. Respondent's conduct exposed the patient to a risk of harm in that failure to administer intravenous fluids as ordered by the physician could have resulted in non-efficacious treatment of the patient's renal condition.
9. On or about July 29, 2019, while employed as a Registered Nurse at University Hospital, San Antonio, Texas, Respondent knowingly misled Patient RM 01044401 when Respondent stated to the patient that she administered as-needed intravenous (IV) Dilaudid and Phenergan for pain and nausea. Instead, Respondent administered IV normal saline to the patient. Respondent's conduct was deceptive and exposed the patient to a risk of harm from untreated pain.
10. In response to the incident in Finding of Fact Number Seven (7), Respondent states that the patient was in a great deal of pain when she came to the room to administer Oxycodone, and though she intended to administer all three medications and scanned them, before opening the Synthroid and Protonix she was called away to another patient's room. Respondent states that she placed the medications in the patient's assigned drawer, and did not remember to give the medications later. In response to the incident in Finding of Fact Number Eight (8), Respondent states that the patient's renal function was poor, and it was not uncommon to flush a patient with 1000ml instead of 500ml. Respondent states that when she opened the Pyxis, the drawer opened on the 1000ml bag instead of the 500ml bag, so she scanned and administered the whole bag. In response to the incident in Finding of Fact Number Nine (9), Respondent states that up until midnight, the patient's orders were current and she administered scheduled doses of Dilaudid and as-needed anxiolytics and anti-emetics. At 0045, the patient requested pain medication, and Respondent saw that the order had expired. Respondent states that she offered him other pain medication, which he denied, as he only wanted IV Dilaudid. Respondent states that she paged the on call physician three times and did not receive a response and updated order until 0300. Respondent states that the patient called her every 5-10 minutes during this time asking about the status of his Dilaudid. Respondent states that at 0200, the patient called her again

to ask if she had his Dilaudid and Phenergan, and regretfully, she said yes and administered a placebo. When the order was updated, she returned to the patient and administered a dose of Dilaudid around 0330. Respondent adds that she did not record this in the chart as she had seen more experienced nurses give placebos in the past and do the same thing.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation(s) of 22 TEX. ADMIN. CODE §217.11 (1)(A),(1)(B),(1)(C),(1)(D)&(1)(M) and 22 TEX. ADMIN. CODE §217.12(1)(A),(1)(B)&(6)(H).
4. The evidence received is sufficient cause pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 948882, heretofore issued to SARAH NELL ALBRECHT.
5. Pursuant to Section 301.463(d), Texas Occupations Code, this Agreed Order is a settlement agreement under Rule 408, Texas Rules of Evidence, in civil or criminal litigation.
