2. Respondent waived notice and hearing, and agreed to the entry of this Agreed Order.
3. Respondent's license to practice as a vocational nurse in the State of Texas is in current status.

Documentation from nursing aides indicated that the patient's skin was not intact that day. Subsequently, there was no intervention for the patient's skin until a coccyx wound was documented on September 27, 2020, and the patient was admitted to the hospital on September 28, 2020, with a skin ulcer of the sacrum with fat layer exposed. Respondent states that showers were given on the day shift, which is when the nursing aides are able to see the patient completely. Respondent states that the nursing aides are to notify the assigned nurse if there is any skin breakdown. Respondent states that she worked primarily on the evening shift so she would not be informed by the shower aides about the patient's skin.
9. On or about May 11, 2023, Respondent successfully completed a Board approved course in Sharpening Critical Thinking Skills, which would have been a requirement of this Order.
10. On or about May 11, 2023, Respondent successfully completed a Board approved course in Professional Accountability, which would have been a requirement of this Order.
