In the Matter of	§	AGREED ORDER
Registered Nurse License Number 842325	§	FOR
issued to AFUA SEGUAA ASARE	§	DEFERRED DISCIPLINE
	§	

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of AFUA SEGUAA ASARE, Registered Nurse License Number 842325, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived notice and hearing and agreed to the entry of this Agreed Order for Deferred Discipline approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on November 5, 2018.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Agreed Order for Deferred Discipline.
3. Respondent's license to practice as a professional nurse in the State of Texas is in current status.
4. Respondent received a Baccalaureate Degree in Nursing from University of Mary Hardin-Baylor, Belton, Texas, on May 1, 2013. Respondent was licensed to practice professional nursing in the State of Texas on August 6, 2013.
5. Respondent's nursing employment history includes:  

8/2013 – 05/2015	Unknown
------------------	---------

Respondent's nursing employment history continued:

06/2015 – 06/2017	RN	Seton Healthcare Family Austin, Texas
07/2017 - Present	Unknown	

6. At the time of the initial incident, Respondent was employed as a registered nurse with Seton Healthcare Family, Austin, Texas, and had been in that position for one (1) year.
7. On or about June 16, 2016, through July 13, 2016, while employed as a Registered Nurse with Seton Medical Center Austin, Austin, Texas, Respondent failed to accurately and completely document neurovascular assessments, incentive spirometer volumes, and mobility information for Patient Numbers 419437, 5613426 and 5555916. Respondent's conduct resulted in inaccurate, incomplete medical records, and was likely to injure the patients in that subsequent care givers would rely on her documentation in order to provide further patient care.
8. On or about March 22, 2017, while employed as a Registered Nurse with Seton Medical Center Austin, Austin, Texas, Respondent failed to document neurovascular assessments and incentive spirometer education for Patient 5210566, who was status post spinal surgery. Respondent's conduct was likely to injure the patient in that subsequent care givers did not have accurate and complete information on which to base their decisions for further care.
9. On or about May 12, 2017, while employed as a Registered Nurse with Seton Medical Center Austin, Austin, Texas, Respondent failed to label lab specimens for Patient 5652045 at the patient's bedside, per facility policy. The specimens were not properly labeled, and the patient's blood work had to be redrawn. Respondent's conduct may have caused unnecessary distress to the patient and could have led to inaccurate results which could have resulted in non-efficacious treatment.
10. On or about May 15, 2017, while employed as a Registered Nurse with Seton Medical Center Austin, Austin, Texas, Respondent failed to initiate intravenous (IV) fluids for Patient 690429 per the physician's order. The oncoming nurse discovered the omission at shift change. Respondent's conduct was likely to injure the patient in that failure to administer fluids as ordered by the physician could have resulted in non-efficacious treatment.
11. On or about June 18, 2017, while employed as a Registered Nurse with Seton Medical Center Austin, Austin, Texas, Respondent mislabeled a lab specimen for Patient Number 5453880. Subsequently, the patient's labs had to be redrawn. Respondent's conduct of failing to label specimens according to policy/procedure may have caused unnecessary distress to the patient and could have led to inaccurate results which could have resulted in non-efficacious treatment.

12. In response to the incidents in Findings of Fact Numbers Seven (7) through Eleven (11), Respondent states that she diligently documented electronically as required, but that in some instances interruptions caused her to neglect saving her notes into the system. On other occasions technical difficulties caused her notes to be lost prior to saving. In response to Finding of Fact Number Ten (10), Respondent states that Patient 690429 had been admitted during the previous shift and was off the unit at the time of shift change and that she wasn't aware of the patient order for intravenous fluid until the oncoming nurse brought the deficiency to her attention. In response to Findings of Fact Numbers Nine (9) and Eleven (11), Respondent states that the blood specimen for Patient Numbers 5453880 and 5652045 were drawn successfully and the labels were verified with the patient's armband with both patients confirming their names and date of birth. However, Respondent states she failed to place the blood labels on the actual specimen due to being distracted by direct patient care. Instead, Respondent states she sent the tubes to the lab with the correct labels in the biohazard bag but not attached to the tubes.

4. The evidence received is sufficient cause pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 842325, heretofore issued to AFUA SEGUAA ASARE.
5. Pursuant to Section 301.463(d), Texas Occupations Code, this Agreed Order is a settlement agreement under Rule 408, Texas Rules of Evidence, in civil or criminal litigation.
