Further, **a Board representative may appear** at the RESPONDENT'S place of employment at any time during the probation period and require RESPONDENT to produce a specimen for screening.

**Consequences of Positive or Missed Screens.** Any positive result for which RESPONDENT does not have a valid prescription or refusal to submit to a drug or alcohol screen may subject RESPONDENT to further disciplinary action, including TEMPORARY SUSPENSION pursuant to Section 301.4551, Texas

Occupations Code, or REVOCATION of Respondent's license(s) and nurse licensure compact privileges, if any, to practice nursing in the State of Texas. Further, failure to report for a drug screen, excessive dilute specimens, or failure to call in for a drug screen may be considered the same as a positive result or refusal to submit to a drug or alcohol screen.

Continued noncompliance with the unfulfilled requirements of this or any Order previously issued by the Texas Board of Nursing, as applicable, may result in further investigation and subsequent disciplinary action, including denial of licensure renewal or revocation of RESPONDENT'S license(s) and/or privileges to practice nursing in the State of Texas.

**VIII. FURTHER COMPLAINTS**

If, during the period of probation, an additional allegation, accusation, or petition is reported or filed against RESPONDENT'S license(s), the probationary period shall not expire and shall automatically be extended until the allegation, accusation, or petition has been acted upon by the Board.

8. In response to Finding of Fact Number Seven (7), Respondent states she did receive a notification early on because she has missed check ins. She had just signed her paperwork

and was set up to have access in Recovery Trek and then she just didn't check in the first 2 days. She spoke with compliance about the notifications mainly because the days she did not log on were Saturday and Sunday. Respondent states she asked compliance about not logging on Saturday and Sunday because she knew she would not be tested. According to Respondent, compliance said, and maybe she didn't understand her right, if there are no available places to test on those 2 days of the week, then missing would only become a problem if she missed a test. She took that in and it made sense to her. Respondent indicates she takes this very seriously, and she has a dozen alarms set on her phone to alert her because she has not been able to have a consistent routine in place.

BEFORE THE TEXAS BOARD OF NURSING

\*\*\*\*\*

In the Matter of § AGREED ORDER  
Registered Nurse License Number 854151 §  
issued to BRENNNA ANN STEVENS §  
§

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of BRENNNA ANN STEVENS, Registered Nurse License Number 854151, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code.

Respondent waived notice and hearing and agreed to the entry of this Agreed Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on February 4, 2021.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Agreed Order.
3. Respondent's license to practice as a professional nurse in the State of Texas is in current status.
4. Respondent received an Associate Degree in Nursing from Amarillo College, Amarillo, Texas, on December 13, 2013. Respondent was licensed to practice professional nursing in the State of Texas on April 8, 2014.
5. Respondent's nursing employment history includes:

04/2014 – 11/2018	RN	BSA Hospital Amarillo, Texas
12/2018	Unknown	

Respondent's nursing employment history continued:

01/2019 – Present	RN/PRN	NurseCore of Amarillo Amarillo, Texas
02/2019 – Present	RN	Vibra Rehabilitation Hospital Amarillo, Texas

6. At the time of the initial incident, Respondent was employed as a Registered Nurse with BSA Hospital, Amarillo, Texas, and had been in that position for four (4) years and seven (7) months.
7. On or about September 12, 2018 through September 13, 2018, while employed as a Registered Nurse with BSA Hospital, Amarillo, Texas, Respondent withdrew 8mg of Morphine and four (4) tablets of Hydrocodone-Acetaminophen 5/325mg from the medication dispensing system for patients without a valid physician's order. Respondent's conduct was likely to injure the patients, in that the administration of the medications without a valid physician's order could result in the patients suffering from adverse reactions, and Respondent's conduct placed the hospital in violation of Chapter 481 (Controlled Substances Act) of the Texas Health and Safety Code.
8. On or about May 19, 2018 through October 24, 2018, while employed as a Registered Nurse with BSA Hospital, Amarillo, Texas, Respondent withdrew five (5) tablets of Hydrocodone-Acetaminophen 5/325mg, one (1) tablet of Hydrocodone/Acetaminophen 7.5/325mg, 2mg of Hydromorphone 2mg/1mL, 8 mg of Morphine 2mg/1mL, and 4 mg of Morphine 4mg/1mL from the medication dispensing system for patients, but failed to document and/or completely and accurately document the administration of the medication in the patient's Medication Administration Records and/or nurses' notes. Respondent's conduct was likely to injure the patients, in that subsequent care givers would rely on her documentation to further medicate the patients which could result in an overdose. Additionally, Respondent's conduct placed the hospital in violation of Chapter 481 (Controlled Substances Act) of the Texas Health and Safety Code.
9. On or about May 19, 2018 through October 24, 2018, while employed as a Registered Nurse with BSA Hospital, Amarillo, Texas, Respondent withdrew five (5) tabs of Hydrocodone-Acetaminophen 5/325mg, one (1) tablet of Hydrocodone/Acetaminophen 7.5/325mg, 2mg of Hydromorphone 2mg/1mL, 8 mg of Morphine 2mg/1mL, and 12mg of Morphine 4mg/1mL from the medication dispensing system for patients, but failed to follow the facility's policy and procedures for wastage of the unused portions of the medication. Respondent's conduct left medications unaccounted for, was likely to deceive the hospital pharmacy, and placed the hospital in violation of Chapter 481 (Controlled Substances Act) of the Texas Health and Safety Code.

10. On or about May 19, 2018 through October 24, 2018, while employed as a Registered Nurse with BSA Hospital, Amarillo, Texas, Respondent failed to take precautions to prevent misappropriation of 0.5mg of Hydromorphone 2mg/1mL from Patient J. H., five (5) tablets of Hydrocodone-Acetaminophen 5/325mg from Patients C.H. and M.H., 4mg of Morphine 2mg/1mL from Patient M.H., and one (1) tablet of Hydrocodone/Acetaminophen 7.5/325mg from Patient A.K., belonging to the facility or patients thereof. Respondent's conduct was likely to defraud the facility and patients of the cost of the medications.
11. In response to Findings of Fact Numbers Seven (7) through Twelve (10), Respondent states there was a miscommunication between the Pyxis and EPIC, which would not allow a partial dose of Morphine to be returned and would only allow return of milligrams, not vials. Respondent states she knew she pulled medications for her orientee during emergent situations but always made sure it was scanned and given considering her name was on the narcotic being pulled. Respondent states she is sure if she had pulled a medication and another nurse scanned, more than likely the Pyxis and EPIC did not connect the two events. Respondent admits to scanning the patient sticker that was on her computer instead of scanning the patient's armband.
12. Formal Charges were filed on October 1, 2019.
13. On or about September 25, 2019, Respondent underwent a Chemical Dependency Evaluation performed by Kerri Bates, Psy.D. Bates states that it is impossible to determine if Respondent did indeed misappropriate medication based on the evaluation, however, Respondent does not appear to have a substance dependence disorder that would prevent her from practicing nursing with reasonable skill and safety to her patients. Dr. Bates states Respondent's personality testing revealed an overall well-adjusted individual who had no indications of somatic, cognitive, emotional, thought, or behavioral dysfunction.
14. On or about July 9, 2020, while employed as a Registered Nurse with Patriot Placement and Recruitment, Amarillo, Texas, and assigned to Country View Living, Dimmitt, Texas, Respondent falsely documented in Patient Medical Record Number 22018's Medication Administration Record (MAR) that she administered Hydrocodone to the patient. Furthermore, Patient Medical Record Number 22018 denies having pain and having received Hydrocodone that morning. Respondent's conduct created an inaccurate medical record and failure to administer medication as ordered by the physician could have resulted in non-efficacious treatment.
15. On or about July 9, 2020, while employed as a Registered Nurse with Patriot Placement and Recruitment, Amarillo, Texas, and assigned to Country View Living, Dimmitt, Texas, Respondent misappropriated one (1) tablet of Hydrocodone 7.5/325 mg belonging to the facility and patient thereof, or failed to take precautions to prevent such misappropriation, in that Patient Medical Record Number 22018 was drug screened which produced a

negative result for Hydrocodone. Respondent's conduct was likely to defraud the facility and patient thereof of the cost of the medications.

16. First Amended Formal Charges were filed and Respondent's license was temporarily suspended on October 20, 2020.
17. In response to Findings of Fact Numbers Fourteen (14) through Fifteen (15), Respondent states she has never had any issues with substance abuse, and both of her treating physicians have written letters stating she does not abuse drugs.
