6. On or about July 11, 2019, Respondent's license's to practice nursing in the State of Texas was Suspended and Respondent was required to successfully complete the Texas Peer Assistance Program for Nurses (TPAPN) through an Order of the Board. On or about July 7, 2022, Respondent successfully completed the terms of the Order. A copy of the July 11, 2019, Order is attached and incorporated herein by reference as part of this Agreed Order.
7. At the time of the initial incident, Respondent was employed as a Registered Nurse with Laurel Ridge Treatment Center, San Antonio, Texas, and had been in that position for four (4) years and eight (8) months.
8. On or about August 7, 2024 through September 26, 2024, while employed with Laurel Ridge Treatment Center, San Antonio, Texas, Respondent admitted he provided inaccurate information to the physician regarding patients' requiring more Suboxone to justify removing more from the Omnicell. Respondent's conduct was deceptive, was likely to deceive the pharmacy, and placed the pharmacy in violation of Chapter 481 (Controlled Substances Act) of the Texas Health and Safety Code.
9. On or about August 7, 2024 through September 26, 2024, while employed with Laurel Ridge Treatment Center, San Antonio, Texas, Respondent withdrew Suboxone from the Omnicell for patients, but failed to document and/or completely and accurately document the administration of the medication in the patient's Medication Administration Record (MAR) and/or Nurse's Notes. Respondent was likely to injure the patients, in that subsequent care givers would rely on his documentation to further medicate the patients, which could result in an overdose. Additionally, Respondent's conduct placed the hospital

in violation of Chapter 481 (Controlled Substances Act) of the Texas Health and Safety Code.

10. On or about August 7, 2024 through September 26, 2024, while employed with Laurel Ridge Treatment Center, San Antonio, Texas, Respondent withdrew Suboxone from the Omnicell for patients, but failed to follow the facility's policy and procedures for wastage of the unused portions of the medication. Respondent's conduct left medications unaccounted for, was likely to deceive the hospital pharmacy, and placed the pharmacy in violation of Chapter 481 (Controlled Substances Act) of the Texas Health and Safety Code.
11. On or about August 7, 2024 through September 26, 2024, while employed with Laurel Ridge Treatment Center, San Antonio, Texas, Respondent misappropriated Suboxone, belonging to the facility or patients thereof, or failed to take precautions to prevent such misappropriation, in that he frequently removed extra Suboxone from the Omnicell for patients and was observed going to other units within the facility to remove Suboxone from their Omnicell. Furthermore, on or about September 13, 2024, video footage from the nurse's station shows Respondent discreetly placing Suboxone into the pocket of his cargo pants. Lastly, when confronted, Respondent said, "I did it," and admitted he had relapsed several months prior.
12. In response to Findings of Fact Numbers Eight (8) through Eleven (11), Respondent admits he lied to the provider in order to divert medication. Respondent states he had been on Vivitrol (naltrexone) injections for many years, which were key to helping him stay away from opioids. In March, Respondent states he and his psychiatrist discussed discontinuing the injections since he felt confident in his ability to stay sober without them. According to Respondent, he had been sober for over 5 years and felt quite stable. Respondent states that a month after he stopped the injections, he started taking Suboxone he had from a previous prescription, but did not tell his psychiatrist. Respondent felt ashamed, and a few months later, progressed to diverting Suboxone from work. After he was caught, Respondent states he was put back on Suboxone and has reached back out to TPAPN to get started in the program again.
