Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(1),(10)&(14), Texas Occupations Code.

Respondent waived notice and hearing and agreed to the entry of this Agreed Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on February 7, 2023.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Agreed Order.
3. Respondent's license to practice as a vocational nurse in the State of Texas is in delinquent status. Respondent's license to practice as a professional nurse in the State of Texas is in current status.
4. Respondent received a Certificate in Vocational Nursing from St Philip's College - San Antonio, San Antonio, Texas, on December 8, 2005. 8/2008-8/2012	Registered Nurse	Methodist Children's Hospital San Antonio, Texas

11/2021-3/2022	Registered Nurse	Christus Spohn Hospital Corpus Christi, Texas
4/2022-Present	Unknown	

6. On or about January 20, 2022, Respondent was issued the sanction of Reprimand with Stipulations through an Order of the Board. Respondent has not successfully completed the terms of the Order. A copy of the January 20, 2022, Order is attached and incorporated herein by reference as part of this Agreed Order.
7. At the time of the initial incident, Respondent was employed as a Registered Nurse with Christus Spohn Hospital, Corpus Christi, Texas, and had been in that position for two (2) months.
8. On or about January 21, 2022, through March 30, 2022, Respondent failed to comply with the Agreed Order issued to her on January 20, 2022, by the Texas Board of Nursing. Noncompliance is the result of Respondent's failure to comply with Roman Numeral IV, Subsection (B), Employment Requirements of the Agreed Order which states, in pertinent part: Notification of Employment Forms: RESPONDENT SHALL CAUSE each present employer in nursing to submit the Board's "Notification of Employment" form to the Board's office within ten (10) days. During these dates, Respondent was employed as a

Registered Nurse with Christus Spohn Hospital, Corpus Christi, and failed to return the required documentation notifying the Board of her continued employment.

9. On or about March 24, 2022, while employed as a Registered Nurse with Christus Spohn Hospital, Corpus Christi, Texas, Respondent administered an infusion of sodium acetate with heparin to neonatal Patient Number AV0001570051, instead of an infusion of dextrose solution, as ordered. Consequently, the patient received two simultaneous infusions of sodium acetate with heparin, and did not receive dextrose, as needed to maintain the patient's blood glucose levels. Respondent's conduct exposed the patient to a risk of harm in that failure to administer medications as ordered by the physician could have resulted in non-efficacious treatment of the patient's condition.
10. In response to the incident in Finding of Fact Number Eight (8), Respondent states that she did present the notification of employment form to her supervisor and it was signed. Respondent states that it was mailed to the Board on November 10, 2021. In response to the incident in Finding of Fact Number Nine (9), Respondent states that she did have a medication error, which was caused by a very busy shift where she was not provided with any assistance. Respondent states that she was in a hurry to finish with her critically ill patient and did not pay attention and realize that she had removed the dextrose bag instead of the sodium acetate with heparin bag. Respondent states that sodium acetate with heparin was then hung on the dextrose line.
11. Formal Charges were filed on January 4, 2023.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation(s) of 22 TEX. ADMIN. CODE §217.11(1)(A),(1)(B),(1)(C)&(1)(M), and 22 TEX. ADMIN. CODE §217.12(1)(A),(1)(B),(4)&(11)(B).
4. The evidence received is sufficient cause pursuant to Section 301.452(b)(1),(10)&(14), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 759942, and Vocational Nurse License Number 203828, heretofore issued to LAURA GARCIA RODRIGUEZ.

- 6 At the time of the initial incident, Respondent was employed as a Registered Nurse with Corpus Christi Medical Center - Doctor's Regional, Corpus Christi, Texas, and had been in that position for seven (7) months.
- 7 On or about September 12, 2020, while employed as a Registered Nurse (RN) in the Neonatal Intensive Care Unit (NICU) of Corpus Christi Medical Center - Doctor's Regional, Corpus Christi, Texas, Respondent failed to assess and change the diaper of infant Patient Number 895196 throughout her shift. The oncoming shift nurse discovered the patient in an over-saturated diaper with a weight of 125 grams, indicating that the diaper had not been changed for hours. Additionally, Respondent falsely documented diaper weights in the patient's medical record. Further, Patient Number 895196 was discovered at shift change on a urine saturated phototherapy blanket with old blood stains. Respondent's conduct created an inaccurate medical record and unnecessarily exposed the infant patient to an increased risk of skin breakdown.
- 8 On or about November 8, 2020, while employed as a Registered Nurse (RN) in the Neonatal Intensive Care Unit (NICU) of Corpus Christi Medical Center - Doctor's Regional, Corpus Christi, Texas, Respondent scanned another patient's box of Biogaia

On or about November 17, 2020, while employed as a Registered Nurse (RN) in the Neonatal Intensive Care Unit (NICU) of Corpus Christi Medical Center - Doctor's Regional, Corpus Christi, Texas, Respondent inaccurately documented that she administered Morphine to Patient Number 896383 at 1530 in that she did not remove the Morphine from the medication dispensing system (Pyxis) until 1611. Respondent's conduct created an inaccurate medical record and placed the hospital in violation of Chapter 481 (Controlled Substances Act) of the Texas Health and Safety Code.
10. On or about January 8, 2021, while employed as a Registered Nurse (RN) in the Neonatal Intensive Care Unit (NICU) of Corpus Christi Medical Center - Doctor's Regional, Corpus Christi, Texas, Respondent failed to decrease the IV rate to 6ml/hr and wean by 1.5ml/hr with every feed increase for infant Patient Number 902095, as ordered by the provider. Instead, Respondent charted that the IV rate remained at 7ml/hr for the duration of her shift. Respondent later altered her documentation after speaking to the provider and discovering her error. Respondent's conduct created an inaccurate medical record and was likely to injure the infant patient in that failing to administer medications as ordered by the physician could result in the patient suffering from adverse reactions.

Respondent adds that she was in a hurry to finish her rounding and continue with her other tasks. Regarding Patient Number 896383, Respondent claims the entry was a typo and she meant to chart 1630 instead of 1530. Regarding Patient Number 902095, Respondent states the patient's rate remained at 7ml/hr due to the patient not having yet reached his volume for feeds to lower the IV rate down as ordered by the provider. Respondent states she was concerned that the IV had infiltrated so she called the provider and asked if they could lower the IV rate more or possibly discontinue it. Respondent states the provider told her to look at the orders again because it has directions on what to do about the IV. Respondent states when she looked at and acknowledged the order, she did not see anything in regards to what to do for the IV rate change which included feedings.
